FOR THE PRESENT WEEK.

MORRISVILLE.

Rev. W. O. Horton filled his regular appointment at Morrisville Methodist church last Sunday and preached a very able sermon to a large and attentive audience. There was one addition to the church.

Rev. F. M. Jones, preached at Bolling Springs church last Sunday at 11 a. m. and at Cameron Springs academy at night.

The members of Cane Creek Baptist church organized a Sunday School on the 3rd Sunday with G. W. Loyd, Superintendent.

Your Cane Creek correspondent wants to know who Judge Garrett is. He is the man that report says caught so many fish and eels out of the hole in Francis' mill-pond. David did say that all men are liars: Psalms 116 and 11, but he owned that he said it in a hurry and I guess that was why he made such a mistake. The little Persian monarch of Cane Creek and the Big Booger of Morrisville are both truthful men and if they ever see David in this world they will tell him so; but the little monarch did give some good advice about lying and I guess that he intends taking a good share of it himself, and the Big Booger will consume the remainder. Yes, David did make a mistake. He did just like a man recently did who wrote something about a brother telling fish stories at prayer meeting. He made a big mistake.

W. A. McEarnett wanted to go and see the show last Friday, but Mr. Tom Downing refused to let him go. He was afraid that the showmen would put Mack in a cage and carry him round for a wild animal.

James W. Haynes, the champion horse swapper of Calhoun county, is too happy to swap horses or do anything else. It is a girl baby weighing 9 pounds.

Fish oil is very scarce with the Big Booger at this time, but as Buck has secured the coat he will furnish him with oil enough to grease the corners where he has to make short turns while running for Commissioner.

WEAVERS.

Corn on good up land is a fair crop; but very inferior on the flat land. Cotton is still opening and with a few days dry weather many of the late bolls will mature.

The health of our community is improving, though there are yet some cases of chills.

Mrs. R. P. Weaver is still confined to her bed, but improving slowly.

Dr. H. L. Ison has gone to Atlanta to visit the exposition.

D. F. Weaver has been confined to his room a few days this week, but is able to be out again.

Children Cry for Pitcher's Castoria.

IRON CITY.

The Sunday school rally here last Sunday was very interesting. Messrs. Armentrout and Russell made fine speeches, and we hope the cause will prosper as a result.

We had a nice rain last Sunday night, and on account of the rain no service was held at the Baptist church.

Our circuit court has caused nearly every man in this community to be in Jacksonville this week.

The exposition party from here returned so much delighted that most of them are determined to visit the exposition the second time.

ALEXANDRIA.

Mr. E. T. Wilkins, who has been engaged in business in South Carolina, has returned to his home here.

Mr. O. N. Hutchison, our popular R. R. Agent, has returned from an extended visit to his mother in North Carolina.

Mrs. E. R. Dean, of Talladega, has been spending a few days with relatives here.

Maj. M. T. Singleton, of Atlanta, and Mr. J. J. Singleton, of the U. S. Engineering Corps, made a short visit to friends here this week.

Tobe Crook, a negro, was killed near here Saturday night. He was returning from Anniston and was in a drunken row with other negroes.

Solicitor Wilson spent Tuesday here.

Wonderful are the cures accomplished by Hood's Sarsaparilla, and yet it is only because Hood's Sarsaparilla, the one true blood purifier, makes pure, rich, healthy blood.

Hood's PILLS for the liver and bowels, act easily, yet promptly and efficiently.

CHOCOLOCO.

Cotton is again on the rise and our farmers are getting ready to sell some more. There has been but little sold since the fall in price.

Mr. Williams struck Bob Poland over the head with a shot gun on Friday night last and fractured his skull. Poland came from Anniston and stopped at William's store. He was drinking and began to curse Williams wife. This led to the fuss.

Mr. R. H. Turner, our efficient depot agent, was called to Atlanta to see his mother who is quite sick.

Our town will be well represented at Jacksonville this week.

Mr. Wm. Rhodes has accepted a position with Eba Scarbrough.

Esq. E. M. Reid was in town today collecting for the Weekly Times.

Mr. Armentrout, of Oxford, and S. A. Russell, of Oxanna, spent last Sabbath in this beat. They both made excellent speeches on Sunday school work at Iron City.

Mr. Burges, and wife of Edwardsville, are visiting the family of Col. Wm. Hughes this week.

Our guns are not running one half their time. This is something never before known, in this section, at this season of the year.

Mr. Greer says the Angel of the Lord appeared to him and directed him to name his twelve pound boy Wm. J. Bryan, as he is an out and out free silverite.

Major Kitchin is tearing up the ground. His first boy is the cause of it.

Rev. W. G. Milligan preached an excellent sermon last Sabbath.

Mr. J. M. Teague and wife are visiting in the valley.

Mr. Will Ham, of Louisiana, is visiting in this community.

Col. Robert Johnson has two of the finest hogs, for their age, in the county. They are not over one year old and will weigh 350 pounds apiece.

Farmers have about finished gathering cotton, some of them are sowing oats and gathering corn.

DEARMANVILLE.

A great deal of interest is being manifested by stock raisers in this valley in the cold show, and the races at the Oxford Lake tomorrow 31st inst.

Dr. A. M. Buckalew's family left to day by private conveyance to take in the exposition at Atlanta. They went prepared to camp out.

Rev. Mansel Garrett has been quite sick for the past few days. He has been troubled by hiccoughing that cannot be stopped.

Our ubiquitous pedestrian justice, E. M. Reid, passed through this village yesterday. Every body in this county knows the "Walking Justice."

There is considerable sore throat among the children of this vicinity. Nearly all the corn in this valley has been gathered and the crop is short—especially in the best bottom lands.

A fine Berkshire sow, of Mr. Wm. Melon was killed in one of his neighbor's fields a few days since, cut in twain and thrown in the creek. The party after arrest plead guilty and compromised by

paying \$23.00 cost and damage. Pretty good price for a hog.

The stock law in this beat will be strictly enforced after Friday. Feuces are already down in many places.

SCHENCKS SPRINGS.

Rev. Hugh Johnson preached a very interesting sermon at Angel Grove church last Sunday.

Mr. J. W. Pearce, after a short illness died at his home on the 28th inst., and was buried at Union.

I was very much pleased to meet my old friends, Oscar Crook, Wm. Dean, C. J. Porter and Joe Privett here last Sunday.

There never was so plentiful a mass as there is in the woods this year, so hogs are having a fat time of it.

I notice that the Constitution of last week makes a mistake when it says that Longstreet is the only surviving Confederate lieutenant general. Stephen D. Lee and A. P. Stuart were both lieutenant generals, and my opinion is that Joe Wheeler and Wade Hampton were both lieutenant generals.

Messrs. Clark and Howell have bought out Messrs. Heathcock and Hollingsworth and will continue to run the saw mill here at the same old stand.

I noticed some time ago that one of your correspondents desired you to furnish the picture of all your county correspondents in the REPUBLICAN. I would like to see them, but I want it understood that I am to appear next to your best looking young lady correspondent.

MINK.

Mr. John Foster and Miss Leah Erwin were married last Sunday morning by Rev. Thos. Nisbet.

Mr. and Mrs. Miles Green have a new girl baby at their home.

Miss Barnes, of Hokes Bluff, will open school at Williams school house on the 11th of November.

An Old Citizen.

In conversation with Mr. J. W. Riddle this week, we learned that his father, Mr. Gideon Riddle, who is now at the home of his son in Chocologoco, is now 93 years old.

He moved to this county in 1831, and at that time there were only two white families in the county.

He came here from Jasper county, Georgia, to engage in stock raising, and brought with him seven hundred head of cattle.

Mr. Riddle can tell many interesting items about Calhoun and Talladega counties when they were populated almost entirely by Indians, and we hope some day to have the pleasure of an interview with him for the benefit of the readers of the REPUBLICAN.

Jacksonville to Atlanta.

About thirty-five persons have banded in their names as members of the party to go from here to Atlanta on the 15th of this month.

This is a sufficient number to secure a special car to leave here at 6:30 in the morning and arrive in Atlanta at noon, but there is yet room on the car for fifteen other persons. Others who desire to go will please hand in their names at once, so as that they can be included in making arrangements for hotel accommodations.

Schools at the Exposition.

Advices from Atlanta say that the Troy normal school, of Troy, Alabama, one hundred fifty strong landed in Atlanta on last Tuesday on a visit to the exposition. The teachers of that institution concluded that a week at the great fair would be worth more to their pupils than the same time in school, and the result was that a majority of the school is now in the exposition city.

The teachers of our school have been, for some time, contemplating a trip of this kind for their pupils, and it is quite probable that a large number of students will join the REPUBLICAN's party on the 15th of November.

It is hoped that everyone who can possibly afford the expense will go. The exposition has been pronounced by eminent teachers from all sections of the country as the greatest educator of the century.

Hymeneal.

Mr. Walter L. Jones, of Anniston, was in Jacksonville a few hours last Monday, and while here received the congratulations of a host of friends on his recent marriage. He was married in Greensboro, Ga., Oct. 21st, to Miss Jude Weaver, one of Georgia's most excellent and accomplished young ladies.

Walter Jones is one of the ablest and most worthy young business men in Alabama, and we know no young man whom we could congratulate more heartily, and for whom we could wish more success and happiness.

Death of J. W. Pearce.

Mr. J. W. Pearce died at his home at Tampa last Monday morning, Nov. 28, 1895, after an illness of two weeks from dysentery.

Mr. Pearce was a gentleman of splendid intellect, a good citizen, a kind and devoted husband and father, and is greatly mourned.

We extend sympathy to the bereaved family.

REV. V. M. TUMLIN,

of Anniston, Ala., Preached Two Sermons a Day for Ten Consecutive Days.

Seven years ago last August I was suddenly taken with what the doctors called a "breaking down of the nervous force." I was thoroughly prostrated. Soon after being taken sick other troubles and complications began to arise, viz: Catarrh, dyspepsia, two strictures of the oesophagus, rheumatism, almost perfect deafness and choking sensation on breathing dust. In addition to all these ailments I was continually having as my companion boils, risings and carbuncles. I suffered terribly, and it was the opinion of every one that I would not live. In October of the last year the last gun (la grippe) was brought forward on the attack and for a few days I thought I would have to surrender and would but for the Electro-poise. Mrs. J. D. Thompson of this city, induced me to try it, and after a few applications I began to improve, until now, after a few years' use of it, I feel entirely well and after not having been able to do a day's work in seven years, I am able to preach two sermons a day, as I have done recently for consecutive days. Money could not buy my "little doctor." Yours truly, V. M. TUMLIN.

Ushered Into Eternity.

Mart Howard, a young negro man who lived at Duke, was killed on the Southern railroad bridge near the Jacksonville depot on Friday of last week.

The facts in reference to his death brought out at the inquest held over his body are as follows: He had been to Anniston and was on the train going to Germania. He and other negroes with him were drinking. Henry Harris, a cousin to the deceased, some time before train reached Jacksonville went out on the platform. Later he was followed by Mart Howard, who walked down on steps of coach, and was standing there swinging out leg when he was struck by bridge and was thrown under train. His head was literally torn to pieces and his brains scattered along the track for several yards.

On the body of the dead negro was a small amount of money, a deck of cards and a bottle of whisky.

HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers. How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Druggist.

Maj. Harris Lecture.

The faculty of the State Normal School has arranged for a series of lectures to be delivered here monthly for the benefit of the pupils of the school. The first of the series was delivered in the college chapel last Saturday evening by Maj. J. G. Harris, of Montgomery, on the "Companionship With Men and Books."

Major Harris has evidently devoted much time and thought in the preparation of this lecture, and it was highly appreciated by all who heard it.

The next lecture will be delivered some time during this month by Prof. Thatch, of Auburn.

W. U. Whitesides, of West Calhoun, spent part of Wednesday in town.

Circuit Court.

Since our issue of last week a number of cases have been disposed of by dismissal, settlement and default.

The cases in which a jury and verdict were given are as follows: McCullers, et als, vs Riddle, et als, Jury and verdict for Defendants. Truitt vs Bryant, Jury and verdict for Plaintiff.

F. M. Savage vs Walter McPry, Jury and verdict for Plaintiff. Damages assessed at \$10.

W. J. Alexander vs L. B. Treadaway, Jury and verdict for Plaintiff. Amount of judgment, \$547.93.

Phillips Bros vs Coosa Mfg. Co., Jury and verdict for Plaintiff. Value assessed at \$100.

West and Co., vs Davis, Jury and verdict for Plaintiff. Amount of judgment, \$100.

At the time of going to press the damage suit of W. H. Davis vs W. A. Scarbrough is being tried. Davis is represented by Willett and Brothers; Scarbrough by J. B. Knox, J. H. Caldwell, Johnson and Caldwell, Matthews and Whitesides.

There have been filed in the Auditor's office for participation in the fund for the relief of disabled needy Confederate soldiers and sailors, widows of Confederate soldiers, approved applications for \$25 applicants, each of whom will receive \$17.05, amounting in the aggregate to \$116,366.25, and 56 applications for blind Confederate soldiers, each of whom will receive \$21.43, making a total of \$1,200.08. A warrant will be drawn on the State Treasurer in favor of each applicant for the sum to which he is entitled, and forwarded to the Judge of Probate of the county from which the application came. These warrants are in course of preparation, and will be ready for mailing not later than the 1st of November.

Applicants are sometimes led to believe that these warrants ought to come to them immediately after the 1st of October, because the act requires the Auditor "at the expiration of each fiscal year" to divide the fund among the applicants and "draw separate warrants on the Treasurer payable to the order of each applicant," the fiscal year ending on the 30th of September of each year; forgetting that the work cannot be done without the necessary time. With the other imperative duties connected with the Auditor's office and which have to be performed, it is not practicable or possible to get them ready earlier.

Miss Annie Forney left Jacksonville on Monday for New York, where she goes to resume her studies in the art department of Cooper's Institute. On her way east she stopped in Atlanta for a few days to see the great fair, and especially to study the art department.

Last Wednesday the people passing in and out of the court room made so much noise Judge Brewer had the doors locked. The question might arise, is this holding open court? Evidently the fellows who wanted to get in and out didn't think so.

Negro Killed at Alexandria.

On Saturday night about eleven o'clock several negroes were returning from a supper near Alexandria and stopped at the home of a negro woman named Sibby Green. They were under the influence of liquor, and while standing in the yard near the house, other negroes came up on their way from Anniston. Among the latter was one Tobe Crook, a negro pretty generally known throughout the county. The meeting of the two forces resulted in a row, and in the melee a pistol or gun was fired, and Tobe Crook was shot through the head. He died about six o'clock Sunday morning.

At the inquest Tuesday morning the jury, after examining the negroes engaged in the affray, decided that death was the result of a gunshot wound at the hands of unknown parties.

Anniston's Responsibility.

The local measure which has been thrust upon the people of Calhoun county by Anniston, and which she has the power to hold over the county undecided for an indefinite time, is causing the working Democrats from all portions of the county to express a fear as to the success of the Democratic party in the elections to be held in this county next year.

With the court house fight pending, they see no way by which the two sections of the county can be united in the next state election; and without a thorough union of forces and a compact organization we will not be able to successfully meet the combined opposition of the enemies to the Democratic party.

Not only will this local measure prove detrimental and bring about the defeat of the party in this county next year, but it has already proved detrimental to the interests of the party. While the opposition to the Democratic party in the county is being thoroughly organized, no effort is being made to organize the forces of the Democratic party.

That the opposition to the Democratic party will use the court house question as a leverage to secure control of all the offices in this county, no man who possesses ordinary intelligence and observation will deny. That they will be successful in using it as a power to make votes is also a proposition which cannot be doubted.

To be perfectly plain, without a settlement of the court house question, the Democratic party in Calhoun county is doomed to defeat.

Under the bill providing for an election on the removal of the court house, all the men in the county outside the incorporate limits of Anniston have not the power to have the election ordered. It places the power in the hands of the city of Anniston, and with it, she must shoulder the responsibility of the defeat of the Democratic party if at once some settlement is not had of this question. We hear it said that Anniston is not ready to have the election ordered. If not, then she should not have had the bill passed.

If this local measure is to be held over the county and causes the defeat of the Democratic party, the blame will be placed where it rightfully belongs.

The fight in Alabama for the free and unlimited coinage of silver is the fight of the people, and if the month of every leading politician should be closed who favors the free coinage of silver, the people would carry on the fight without any interruption. The Birmingham State Herald can continue to be silent as to the ratio of 16 to 1, but the people will carry on the fight for this ratio just as if the State Herald was not in existence. The fight for the restoration of silver at its time honored ratio does not depend upon the leadership of any one paper or man. It is the cause of the people.

We wish to express our thanks to the large number of Calhoun Democrats who have subscribed for the Republican during the past two weeks. They all express their appreciation of a paper which gives them the news.

Mr. Ox (Times) the editor of the Calhoun Times has been referred to as an ass by the New York Sun and the Chicago Tribune. We do not see why these papers insist on his name. It is quite appropriate.

People, even today, when reading the modern newspapers, tend to think of the really wonderful strides that have been made in the last century in collecting news and preparing it for the patrons of the papers.

In these days the business man pays five cents for a morning paper, and while he waits at the breakfast table his eyes hastily scan its pages in which is contained the news, not only from his immediate section but from all sections of the earth. Not news that is a month or a week old, but news of happenings around the world, up to within a few hours of the time he seats himself at his breakfast table.

The tourist from Europe comes from his berth in a palace car that is bearing him from New York to San Francisco, and while the porter is bringing him a cup of coffee he reads all the principle events of the day before, as they took place at London, Paris, or Vienna.

It was not so, however, one hundred years ago. On the editors' desk lies a copy of The Maryland Journal and Baltimore Advertiser. Its date is Friday, August 20, 1773. It is a three column four page journal, and the issue before us is its first.

The editor who is one W. Gaddard, announces in his salutatory, that he is resolved that his paper shall contain only the "freest and best foreign and domestic." To understand just how fresh these advices are, it is well to read that part of the salutatory which speaks of the method employed in collecting them which is as follows:

"The great Difficulty and expense of speedily obtaining a proper Assortment of Printing Materials, an adequate Number of Subscribers to defray the Charge of printing a weekly News Paper, added to several unfortunate Events which have happened to me, have been the reason why the Maryland Journal and Baltimore Advertiser so long expected hath not before made its appearance. This I flatter myself, will be considered an ample Apology in the minds of the Candid, for the long Delay in publishing it. Many gentlemen, however, encouraging me to hope for a considerable Addition to my list of Subscribers, I now venture to send the first Number abroad, and while I solicit the further Encouragement of the Public, I humbly bespeak a candid Reception for this Beginning, which I am sensible must appear under many Disadvantages, as I have not yet been able to establish a special post from this place to Philadelphia, for the purpose of bringing down, in due season, the latest Papers.

I was aware when it was first proposed to me to undertake a News-paper in this Town, that although it possessed many advantages in Point of situation, yet it was impracticable to print such a one as would suit a part of the Country, without establishing a Press from Baltimore to Philadelphia, to set out from the last mentioned Place early on Monday Morning, and to arrive here on Tuesday Evening, whereby I should receive the Massachusetts, Connecticut, New York, Pennsylvania, and sometimes the British and Irish Papers, and be enabled to publish the Journal, with the freshest Advices deliver it to the Customers in Town and forward it to Annapolis and the Lower Counties, on Thursday Morning; several Hours before the arrival of the King's Post. This was a plan I had contemplated in order to render this Paper of great and extensive Utility; and had determined some Time ago, wish the Assistance of the Public spirited, to have carried it into Execution; but I have been prevented making the necessary Trial by a severe indisposition—I have not, however, given over my Scheme, but shall persevere to the utmost to accomplish it, knowing that on the Success of it, depends the Credit—and indeed the very Existence of this Paper.

GENERAL SHELLEY has been making a tour of Alabama for the last week, and after his return to Washington it will probably be decided which one of the gold standard men shall be sacrificed in the race for governor. Why do not the gold men of the state plunk down the cash to pay the expenses of the race and let Gen. Shelley announce his candidacy?

We notice that in Dallas, Talladega and other counties that candidates for county offices are already making an active campaign. In Calhoun no candidate has yet had the nerve to publicly announce his candidacy.

The places and dates have been announced for a list of six speakers in Alabama by Senators Morgan and Toole.

A few years since the Populists had much to say of the intolerance and abuse of the Democratic press and speakers toward those who had united with the Peoples party, and while it is true that they had a right to complain at the intolerant spirit shown on the part of certain newspapers and individuals in this state, yet we do not remember to have seen in any Democratic paper such intolerance and abuse as now characterize the average Peoples paper weekly in this state. They are made up largely not only of wholesale abuse of the Democratic party, but of all individuals who vote the Democratic ticket. They are so intolerant as to assert that no honest man can vote the Democratic ticket, and think that those who support the Democratic nominees are on a bee-line to hell.

Such abuse is not only unjustifiable, but is not calculated to make votes. Any party which is so presumptuous to pretend to believe that it is alone, are to be found honest, Christian men, simply renders itself ridiculous.

We know among the populists many good men, and we also know many men who have never voted, and who have no idea of ever voting, who other than the Democratic ticket, who are as honorable, high-toned, Christian gentlemen as ever breathed the breath of life in any party.

The populists will find that the abuse of those who vote with what they are pleased to call the Democratic machine is not calculated to strengthen their party.

THE REPUBLICAN under its present management has not failed to condemn the intolerance shown in certain quarters among Democrats, and will certainly not fail to denounce it when coming from the enemies of the Democratic party.

THE burning of the main building at the university of Virginia, on last Sunday morning removes an historic structure, and destroyed property contained therein which money cannot replace.

Since the days of Thomas Jefferson, its great founder, the university of Virginia has stood the foremost educational institution of the south, and second to none in the United States. From its portals have gone forth young men who have taken front rank in the sciences and the arts, and men who in church and state have attracted the attention of the whole country and who have made their names and their lives a great part of the history of the United States.

Alumni all over the south and the north and the west learn with sadness of this destruction of their alma mater. And if money is needed to restore the building, it is safe to say that a draft on each alumnus would be promptly and gladly honored.

In the destruction of the private libraries of Jefferson, Madison, Austin, Monroe, and a part of the Cochran libraries, the institution sustains a loss that it irreplaceable.

THE rolling stone gathers no moss. Neither does the citizen who is constantly changing from one party to another ever accomplish any good. If he seeks perfection among the individuals composing the political parties of this country, his is indeed in a vain search as vain as that of him who searches for the pot of gold at the foot of the rainbow. He will waste his life in a foolish attempt to find what never existed and what never will exist.

TAKE STEPS in time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of lives saved by the use of Dr. Miles' Heart Cure. It is a cure for all cases of heart disease, and it is a cure for all cases of heart disease.

Mr. A. H. Crausby is one of the best known and most highly respected citizens of Memphis, and resides at 158 Kerr street in that city.

Some years ago his wife noticed a small lump in her breast. She thought nothing of it, but it increased in size rapidly, and soon began to discharge. She was at once put under treatment of the best physicians, but they very soon found that they could do her no good, and simply prescribed antiseptics to keep the place clean. Both her grandmother and aunt, by the way, died with cancer, and when apprised of this fact the doctors said that they would not attempt to save her, that she was incurable. Although the cancer had by this time become deep-seated and her health very low, one of the most noted specialists of New York then treated her. After treating her awhile, this doctor admitted that the

case was hopeless, and further treatment useless. "It is difficult to imagine how despondent we all became," said Mr. Crausby, "knowing that she must die and unable to give her any relief. I had spent over five hundred dollars with the best medical skill to be had, and felt that there was no further hope."

"One day I happened to read an advertisement of S. S. S., recommending that remedy for cancer, and in view of the fact of the most eminent physicians in the country, I confess I had little faith left in any human agency. However, I purchased a bottle of S. S. S., and very soon it seemed to be doing her. After she had taken a couple of bottles the cancer began to heal, and astonishing as it may seem, a few bottles cured her entirely. You can probably better understand how remarkable this cure was when I explain that the cancer had eaten two holes in her back, and was so deep that it had healed up entirely, and although ten years have elapsed, not a sign of the disease has ever returned, and we are assured of the reality of the cure, which we at first doubted."

"As my wife inherited the cancer, I certainly regard S. S. S. as the most wonderful remedy in the world. It is truly a God-send to those afflicted with this terrible disease. You may be sure that I am always grateful for that remedy, for without it my home would now be desolate and my children motherless."

The above is but one of many remarkable cures being daily made by S. S. S. Cancer is becoming alarmingly prevalent, and manifests itself in such a variety of forms, that any lump, sore or scab, it matters not how small, which does not readily heal up and disappear may well be regarded with suspicion. It will gladly send to any address, full accounts of several other cures fully as remarkable as this one.

For real blood trouble, S. S. S. has no equal. It cures not only the most obstinate cases of blood diseases, which other remedies do not seem to touch. S. S. S. gets at the root of the disease and cures it out forever. S. S. S. is a cure for all blood diseases, and is a positive and permanent cure for Scrofula, Eczema, Cancer, Rheumatism and all traces of it. It cures blood, and all blood diseases will be mailed free to any address. Swift Specific Co., Atlanta, Ga.

The Well-Known Specialist is Now Located in

WITH OFFICE OVER THE
CITY DRUG STORE.

He treats all kinds of Chronic, Nervous, Blood, Skin, and Private Diseases of both sexes.

Chronic Diseases of long standing permanently cured.

Dr. Crutcher comes to Gadsden with the highest endorsement of the people of Nashville, Tennessee, where he graduated with the highest honors from the old Vanderbilt and Nashville Medical Colleges.

He is a practicing physician of many years experience, and in his special treatment of old chronic troubles has had wonderful success, permanently curing cases after others had pronounced the patient incurable.

Among the voluntary compliments to Dr. Crutcher's skill as a specialist the following from some of the leading citizens of this community will convey some idea of the impression his ability has made upon the public in the short time he has been located in Gadsden:

This is to certify that I have been afflicted with Rheumatism for the past two years which has rendered me totally unfit to do work of any kind, but I am proud to say to the world that after having Dr. F. B. Crutcher, of Gadsden, who makes a specialty of old chronic diseases to make my case in charge and give me thorough course of medical treatment and am now up on my feet, gain and able to do very good work in the farm. I have been treated before by an able neighborhood physician who told me that my case was one of the incurable and I had made up my mind to die, but thank heaven and Dr. F. B. Crutcher that under his treatment I can now see life as it has come back to me in his blessings. I can praise the bridge that carries me over. I live at Maple Grove, Cherokee county, Ala. As for truth of this statement I refer the public to all my neighbors who know what a life of suffering I have undergone for the past two years. I am not tired well, but Dr. F. B. Crutcher still has me under his treatment and feel satisfied that by the time I have finished the course of treatment I will be a sound man. I will say further that I had heard other physicians say so much against this doctor that I had no faith in the treatment, but determined in my mind that I would give Dr. Crutcher a trial and so far as I have gone with the treatment I have improved faster than Dr. Crutcher promised me, and I want suffering humanity to know that I can testify for this Doctor.

Respectfully,
J. T. OWENS.

To whom it may concern:

I want every man, woman and child to know that I was very near the grave a few weeks ago, suffering with that dreadful disease, rheumatism. I have been confined to my room and most of the time to my bed for nearly one year. I tried a number of doctors in Gadsden and the country for relief, but rapidly grew worse and worse, and had lost confidence in doctors and all medicine, when I chanced to hear my good wife read an advertisement in the Times-News that Dr. F. M. Crutcher, of Nashville, Tenn., had located in Gadsden and proposed to treat old chronic diseases on a scientific plan, and that the doctor was giving good satisfaction. I said

my wife that I guessed he was some
quack and he just wanted a few dol
lars that I had left. After spend
ing in one way and another over
\$500 I did not feel like giving the
last few dollars away, and she reas
oned with me and said that I was
due my family and myself to do all
in my power to get well, so to
please my good wife I sent for
Doctor Crutcher. He came and
talked with me, examined me care
fully and said, well sir, I will give
you a course of medicine which
I think will cure you. Asked him what
he would charge me for his servi
ces. He answered \$50, kill or cure.
I told him I was willing to pay there
\$50 provided I got well. He said
he would not insure to cure a lick
if, that he was no God and did not
run an insurance business, he sim
ply tried to do all in his skill and
power to care and when he did that
he was entitled to his fee. So I
told Doctor Crutcher that I believed
I would keep my \$50, that I could
leave that to my wife and little chil
dren. His last words to me on this
subject was do as you please, I don't
coax people into treatment, but
that when a person made up his
her mind to be treated he would
make them believe they never want
doctored before, and Dr. Crutcher
left me on my bed and went back to
Gadsden. I suffered all night and
debated the question in my mind
I have this man treat me I don't
get well my \$50 is gone, besides the
medicine I would have to pay for.
But I decided that I would try him
so I spoke to my neighbors about
the matter and they said, no sir,
Mr. Cromber, don't you employ
that Doctor Crutcher, for I have
heard so many say Dr. Crutcher
could do you no good. It was sim
ply because Dr. Crutcher was in
their way and knew how to handle
these old chronic diseases and had
proved to the people of Gadsden
and all North Alabama that he was
a terror to these old diseases. So
I employed Dr. Crutcher and I can
look the world in the face today and
say that Doctor F. B. Crutcher has
been treating me for four months and
I have gained thirty pound, up and
able to walk 2 or 3 miles rapid;
I don't even make me sore.
I feel that a man or woman who
will not have Dr. F. B. Crutcher
treat them, if they are down with
old and chronic trouble, that they
are simply shutting the door on
blessings against themselves. I want
to say that I have been living, ne

have always paid my honest debts, and
 tried to tell the naked truth, and I
 can say Dr. F. B. Crutcher has told
 me nothing but the truth all the
 way through. I will say that Doctor
 Crutcher is a high priced man,
 but I believe there is a difference in
 goods, and I believe there is a differ-
 ence in doctors. RESY,
 T. J. CROWER.

I live in Calhoun county, my
 post office is Colvin's Gap, I am 56
 years old. I was born in 1855
 of where I now live, have lived
 here all my life. I have suffered
 with nasal catarrh for four years in
 its worst form, the disease went to
 my lungs and the result was that an-
 abscess formed and opened exter-
 nally, and I can truthfully say that
 there has been more than a half
 bushel of corruption discharged
 through this opening which run
 about seven months. I was treated
 by a number of the best physicians
 in Calhoun and Clay counties and
 grew worse all the time, I also tried
 the best patent medicines I could
 hear of without any benefit. I have
 given up of ever being cured when
 I came up to me in Gadsden and Mr.
 Oscar B. Ralls saw what a dreadful
 condition I was in and told me that
 Dr. F. B. Crutcher had located in
 Gadsden and was treating old
 chronic diseases with most wonder-
 ful success and advised me to have
 Dr. Crutcher to treat me. I applied
 to Dr. Crutcher for treatment and
 he examined and told me that my
 case was one of the worst, he had
 ever seen, but thought he could
 build me up so my health would be
 much improved. I asked the doc-
 tor what he would charge to give
 me a course of treatment. He told
 me he would treat me for one hun-
 dred dollars. I thought the price
 high, but decided to have him pre-
 pare me under treatment at once, and
 now I can say that while I am not
 entirely well, that I am well satis-
 fied with what he has done for me
 and do not begrudge my money.
 I am not through taking my course
 of treatment yet, but am satisfied
 that I will be entirely cured by the
 time I have gone through the whole
 course of treatment. Dr. Crutcher
 told me that he was not an insur-
 ance doctor or a God in medicine
 but he would leave nothing undone
 to give me relief, and I can
 say that he has done more
 for me. He has promised I can
 not do any work for two years, but

firm, and feel like a new man. My nose came very near rotting off, but now my nose is entirely well, and I shall ever praise Doctor Crutcher for what he has done for me and I know others who can praise doctor Crutcher for what he did for them in old chronic diseases.

This Sept. 27. 1895.

Respectfully,
R. G. GRIFFITH.

This is to let the public know that my little daughter was given up to die by a number of doctors in Gadsden, when I called in doctor F. B. Crutcher, who recently located in Gadsden to treat old chronic and acute diseases. When I called in Dr. Crutcher to see my little girl she was a horrible and pitiable sight to look upon. Her toe nails had come out and her finger nails also, and the skin had come off of her whole body so that a fly to light on her would throw her into convulsions, and when Dr. F. B. Crutcher put her under treatment she began to mend a little, and now she is sound and well. If skillful treatment did not save a human being's life it did so in my little daughter. There was about one thousand people who saw my little daughter while she was so bad, but now she is in perfect health. I live in Gadsden and a thousand people who saw my child can testify to this statement. I do believe Dr. Crutcher is the only man I ever knew that doctored a person like they must get well if there is anything on earth to cure them. I want to say to the public that I believe that Doctor F. B. Crutcher is the greatest living man on this earth to cure sick people. Oh, what a blessing to this world is such a man as Doctor Crutcher. It is true that Doctor Crutcher is a man that charges high prices but my God will deliver me from cheap John doctors as long as I can get Doctor Crutcher. What a hard heart a man must have not to employ Dr. Crutcher because of his high prices. I had rather pay Doctor Crutcher to treat me than have the majority of doctors treat me for nothing. God bless Dr. Crutcher. I wish he had power to let the whole world know what a wonderful man Doctor Crutcher is.

CROOK & HAMMOND'S STORE IN JACKSONVILLE

The stock will be complete--comprising all the latest styles and fabrics--and at such low prices as to be within the reach of all. The same courteous treatment and consideration will be accorded you there as in Anniston. We will pay special attention to Boys School suits and extra pants. We hope our friends will take advantage of this opportunity--thereby saving you trouble and expense of sending off after them. Satisfaction to all or your money back.

THE FAMOUS

MENS AND BOYS CLOTHIERS,

TENTH AND NOBLE STREETS

The Republican.

Trip To Atlanta--Free of Charge.

During the Exposition everybody will go to Atlanta, and the question of expense is a necessary subject for consideration. While there are many ways of economizing so as to leave an offset for your traveling expenses, there is no method of doing this more surely than by going to J. P. Stevens & Bro., the well-known jewelers, 47-Whitehall St., where watches, diamonds, silver, etc., will be offered you at such a low price that you will save your traveling expenses simply by the difference in their prices and what is demanded for the same things at other places. Another point--what you get from J. P. Stevens & Bro., you can rest assured is pure. They have a great reputation for fair dealing and pure goods.

BRIEFLY TOLD.

Local and Personal Happenings.

GATHERED-ON THE HIGHWAY

Of Interest to Home Folks and Their Friends.

L. W. Grant returned from Pensacola, Florida, on Saturday last.

Robert Smyly, of Etta, was here Monday on a visit to his father's family.

Horace Skelton, of the REPUBLICAN force, has been quite sick this week.

Alf Truitt, Anniston's husher, spent a good portion of this week in Jacksonville.

Capt. Fleet, who was one of Anniston's first settlers, has been here this week attending court.

Rev. John Scott, of Choccolocco, has been here this week as a witness in the circuit court.

The Misses Crook will go from Atlanta to Columbus, Ga., in which city they will spend the winter.

Mr. Sam Dowdell of beat 8, was in to see us Wednesday and says that he will move to Texas this winter.

Hon. Gaston A. Robbins, the popular representative of the Fourth District, has been here this week attending court.

D. T. Goodwin, chairman of the democratic executive committee of Calhoun county, spent a few hours with his friends here last Monday evening.

Mrs. Green, Miss Annie Crook, Mrs. James Crook and Miss Hannah Crook went over to Atlanta on Monday to spend a week at the exposition.

The locking of the court house doors may keep out the common herd, but it isn't worth a cent when a two hundred pound lawyer and deputy sheriff run against them.

Ullman Bros. have a complete line of clothing at the Woodward corner. Let all Jacksonville people call and see them while they are here.

Miss Lillie Weems left for Carrollton, Ga., on last Saturday. Before returning to Jacksonville she will visit the Cotton States and International Exposition.

The earthquake was sufficiently strong here Thursday morning to shake the collars and cuffs of Mr. George Crow from the dresser in his room.

Did you feel the earthquake Thursday morning? This question has no doubt been asked every man, woman and child in Jacksonville.

Good advice: Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by

A. W. Ledbetter, of Rome, Ga., spent Monday in Jacksonville.

Governor Oates has appointed Mr. McMillan, of Columbiana, probate judge of Shelby county, as successor to the late Judge Leeper. The appointment is a good one.

Arrangements will be made for all the Jacksonville party going to the exposition on the 18th to stop at the same hotel, and they no doubt will have an unusually pleasant time.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly improve the system. Regular size 25c per box. See by W. B. Aubrey.

New elevators are also being placed in position, to carry the seed from the cars on the side track to the warehouses. The company expects to begin making oil in two weeks.

Col. Jas. M. Shied was in town on Wednesday. He is a great Bankhead man, and thinks that gentleman's speech here on Monday was fully as good as he could have made himself.

Easily Cured.

Drunkness, Morphine and Tobacco habit are easily cured by the use of Dr. Williams' Pink Pills. No effort required of the patient who is allowed the use of stimulants until he voluntarily quits their use. May be given secretly in tea or coffee and a cure guaranteed in every case. For sale by all first-class druggists at \$1.00 per package. For full particulars and book of testimonials address The Ohio Chemical Works, Lima, Ohio.

The Southern will make a change in its schedule within the next two weeks. The passenger train going south will arrive at Jacksonville several hours earlier, while the one bound north will not arrive here until after sunset.

The wife of Mr. Leonard, Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden the merchant there sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Druggists.

On last Saturday Rev. J. C. Wright was called to the pastorate of the Oxford Baptist church. He will preach there on the first, third and fifth Sundays, and in Jacksonville on the second and fourth Sundays.

The Jacksonville Oil Mill Company is erecting another warehouse on its property. The new building will be of steel pressed brick and will be thirty by sixty feet in size. It will be completed within ten days or two weeks.

VOLUME 59

CALHOUN NEWS

From Every Nook and Corner of The County.

FOR THE PRESENT WEEK

The Republican Correspondents Gather the News and Furnish it to its Readers.

ANNISTON.

Quite a number of our people have been attending the circuit court during the past two weeks. With both the circuit and the city court on hand, at the same time, our attorneys have their hands full.

The jury term of the city court convened on last Monday. The grand jury is also in session. The docket is lighter than usual, and most of the cases are small ones. Flen Higgins is foreman of the grand jury.

Dr. G. L. Thomas, of St. Louis, will preach at Parker Memorial church Sunday. This church is still without a pastor.

The ladies of the Presbyterian church will hold a bazaar in December. They will sell dressed dolls and other fancy articles.

The Anniston Lime and Coal company is making some improvements. This plant is running day and night.

The opera season is on, and the Noble Street Theater is getting up some splendid attractions.

A great many of our people are visiting the exposition. Most of them pronounce it good.

The mayor and council have decided to have some brick sidewalks laid. Wonder what will be the people who are not able to have the work done.

The goldbugs are not rejoicing much over Tuesday's election returns. It appears that the Democrats won only in the state where they had a silver platform and a silver candidate. This ought to be a fair warning. Will it be?

Rev. Donald McQueen attended the Alabama Synod at Selma.

Mrs. J. S. Burnett and Bessie LeGrand have returned from the Bessemer conference.

J. J. Corbett, the pugilist, passed through the city Tuesday.

Miss Nellie Reynolds, a charming Baltimore young lady, is the guest of Miss Annie Brewer.

Mrs. Trammell, of Rome, who has been visiting her daughter, Mrs. J. H. Duke, has gone to Birmingham to visit other relatives.

R. C. Black, who works at the lime works, was seriously cut by Henry Cook, on last Tuesday. The difficulty grew out of a board bill.

It is rumored that several marriages will occur here within the next sixty days.

We have had a few cases of scarlet fever, but it is fast disappearing.

Our vacant houses are being filled rapidly. Rents are getting better. The outlook is more encouraging.

Dr. R. C. Young is attending the Southern Dental Association in Atlanta, where he will read a paper.

Very little is being said here concerning court house removal. Sam Slim takes more interest in the subject than any one else in this end of the county. He rolls his eyes, lolls his tongue, foams at the mouth, and goes into fits whenever the question is mentioned.

The Borders colt show at Oxford Lake was a success, notwithstanding the bad weather.

The circus drew a large number of people, and the small boy was in his glory.

The Hot Blast's exposition edition was a success in every particular.

MACON.

The health in this part of Calhoun is good.

This community will not have more than a half crop for this year.

Dock Phillips left with his family for Texas last week.

The white caps visited several families in this settlement this week. No damage done except to Calhoun's glass windows.

CHOCOLOCO.

On November 1, Miss Bettie Rhodes, daughter of J. V. Rhodes, and Miss Gailmore were buried at Harmony graveyard. It was a double funeral and was preached by Rev. Asa Allen.

Miss Bettie had been sick for some time. She was a member of Harmony church, and died as she had lived—a Christian. Miss Gailmore had only been sick two days.

On Nov. 2, a bright lovely little son of Mr. and Mrs. Garvin, of Edwinstown, was buried at Harmony.

Mrs. Garvin is a daughter of Col. Wm. Hughes. The bereaved parents have the sympathy of our entire community.

Mr. Ab. Burgess, of Edwinstown, is visiting in our city.

Rev. Hagler and wife, were guests of Rev. M. G. Milligan on Sunday.

Dr. R. L. Hughes had a professional call to Edwinstown last week.

There were four carloads of cotton shipped from this station in one day last week.

Mrs. Crankfield, one of the oldest and best known ladies of this community, died on Tuesday. She was buried at her home Wednesday.

Cold weather has come, and there will be but few visitors at the springs until the winter is over.

Mr. and Mrs. Isaac Fuls, of Etowah county, are visiting Mrs. Treadwell this week.

Richard Johnson, of Anniston, is here keeping books for Messrs. Clark and Howell.

The farmers are nearly through harvesting crops. I believe this section has made enough to eat.

I notice that the candidates are coming out thick and fast. I am afraid they are entering the lists a little early. There is danger of their running themselves to death before the election.

There are some of my friends who think that I am a suitable man for the legislature. I object to making the race. I would get every vote in the county and more too, and then my opponent would cry fraud. I am for an honest ballot and a fair count.

John Eliot, who has been quite sick with fever for the last three weeks, is slowly improving.

Our farmers have about gotten through gathering their crops. Both cotton and corn crops have fallen far short of what was expected of them.

IRON CITY.

Nearly all the people who went from this place to Jacksonville last week contracted cold during the bad weather which existed while they were there, and our correspondent is among the number suffering from this prevalent malady.

The new road across the mountain from Jacksonville to White Plains is a fine road and a wonderful improvement on the old road. The county commissioners and the people of Jacksonville deserve much credit for building this new road.

The people in this community are busy gathering corn cotton and potatoes, and sowing wheat, but the bad weather of the last week impeded their progress.

Mr. Oco De Arman was in Iron City last Tuesday morning.

MORRISVILLE.

There was a protracted meeting of several days carried on at Shady Glen academy the past week. There were some conversions, and it is hoped that much good was done.

Rev. F. M. Jones preached to the people of Beat 5, at Anniston last Saturday night and Sunday.

Mr. H. T. Francis, of Cane Creek, killed a hawk last Friday, that measured fifty inches from tip to tip of its wings. It was a monster bird.

Jacksville will be visited by a number of citizens of Beat 5, attending circuit court during the third week.

Attempted Murder at Choccoloco.

On Tuesday morning, about one o'clock a white man by the name of John Phillips was assaulted by two unknown persons with an intent to murder. The facts of the outrage are about as follows:

Phillips had a case pending in the circuit court at Jacksonville, in which he had been granted bail. His case was set for hearing on Tuesday, and his bondsmen had him to leave Choccoloco early Tuesday morning, in order that he might be present when the case was called.

He set out on foot about one o'clock, but had only gone about one mile when he was stopped by two unknown persons who ordered him to halt and hold up his hands.

Whether he was a little slow about doing this and thus endangered his assailants, or whether they desired to murder him so that no tales would be told is not known, but one of them struck Phillips with a fence rail while the other used a knife. He was cut on the forearm and shoulder, and his coat was cut in several other places. He was beaten in the back and on the head, and falling to the ground in an unconscious state, was left for dead.

He was discovered there later on and carried to Dr. Hughes who dressed his wounds.

Phillips does not know either of the men who assaulted him. He thinks one was a white man and the other a negro.

Trial of Dr. Crook.

Dr. J. E. Crook who was indicted by the grand jury for the murder of Toke Crook, was arraigned before Judge Brewer on Monday. His attorneys asked for a speedy trial and the case was set for Friday, November 15.

The following names, from which, with the regular panel, the jury is to be selected, were drawn:

W. F. Weise, Gordon G. Frank, J. H. Fite, J. T. Hannon, A. J. Tarrin, E. Hubbard, J. L. Booser, W. A. Prickett, J. W. Ford, F. F. Hinton, J. O. Dove, Jno. Jells, P. D. Cover, B. Browning, D. T. Railroad Accident at Jenifer.

The Southern passenger train—north bound—struck a white man near Jenifer on Tuesday, and instantly killed him. The accident occurred just north of Jenifer, where the tracks of the Louisville and Nashville, and the Southern run parallel to each other. The man, whose name was Tuttle, stepped off of the L. & N. track, to allow the south bound train to pass, and the noise it made in passing, prevented him from hearing the northbound train behind him. He was fearfully torn and mangled; his head being crushed, and a leg cut off.

Tuttle lived near Jacksonville for a number of years.

THANKSGIVING DAY.

Thursday, November the 28th.

The customary Thanksgiving proclamation was issued by the president last Tuesday as follows:

The proclamation by the president of the United States: "The constant goodness and forbearance of Almighty God, which has been vouchsafed to the American people during the year which has just passed, call for their sincere acknowledgments and devout gratitude."

To the end that we, therefore, may with thankful hearts, extend the loving care of our Heavenly Father, I, Grover Cleveland, president of the United States, hereby appoint and set apart Thursday, the 28th day of November, as a day of thanksgiving and praise, to be kept and observed by all our people. On that day let us forego our usual occupations, and in our accustomed places of worship join in rendering thanks to the giver of every good and perfect gift for the bounteous returns that have rewarded our labors in the fields and in the busy markets of trade, for the peace and order that have prevailed throughout the land and for our protection from pestilence and dire calamity and for other blessings that in the path of national prosperity and happiness, endowing us with rectitude and virtue and keeping alive within us patriotic love for the free institutions which have been given us as our national heritage, and let us also on the day of thanksgiving especially remember the poor and needy and by deeds of charity, let us show the sincerity of our gratitude.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this 4th day of November, in the year of our Lord 1895, and in the 120 year of the independence of the United States.

GROVER CLEVELAND.

DAVIDSON-WYLY.

All Jacksonvillians are interested in the marriage of Miss Jennie Wyly of this place to Mr. Davidson of Savannah, which took place at 4 o'clock on Wednesday afternoon, at the home of Mrs. J. C. H. King, in Anniston. The Anniston Hot Blast, in speaking of the event has this to say:

Mr. W. M. Davidson, of Savannah, and Miss Jennie Wyly, of Jacksonville, were united in holy bonds of matrimony yesterday afternoon at the home of Mr. and Mrs. J. C. H. King, on Wilmer street, Mrs. King being a sister of the bride.

Only relatives and a few intimate friends were present and the wedding was a quiet but very happy one.

Mr. Davidson is a prominent and wealthy young business man of Savannah and his bride was one of Jacksonville's most lovable young ladies, with a large number of friends here where she frequently visited.

Mr. and Mrs. Davidson left on the 6:10 train last night for Atlanta and from that city will go to Savannah where they will reside.

Several candidates for county offices have come to the front this week, but as yet no one of them has had the nerve to walk up to the office of the REPUBLICAN with \$3 bill and make his announcement. They should remember two things: It is the early bird which gets the worm. The people admire a manly man who has the nerve to publicly ask for what he wants.

The Exposition edition of the Daily Hot Blast is before us, and we cannot say enough in praise of it. After its having been so long announced we were awaiting its appearance with no little interest.

It is sufficient for us to say that the large twelve page six column daily which Brother Smith has sent us is one of the best papers ever issued in Alabama. It is Anniston illustrated, with Calhoun county as a beautiful background. It is a model of typographical neatness and beauty. It is full of interest, giving matter. It reflects credit upon every man connected with it from the editor's desk to the press.

TUESDAY'S ELECTIONS.

The gold standard men wrote the platform in all the states except Mississippi which held elections last Tuesday, and the returns show that the Republicans carried every state which had a general election except Mississippi.

Only the state which had a free silver platform and a free silver candidate is saved to the Democratic party.

In Ohio, Bushnell's plurality over Campbell is nearly 100,000. The legislature is also Republican, and Senator Brice will be left at home, and Ohio will have two Republican Senators at the same time which has not happened before since 1860.

In Kentucky Bradley, the Republican candidate for Governor, and the entire Republican State ticket is elected by a plurality of over 5000. The loss of Kentucky is due to the fact that the gold standard men in large numbers refused to support the Democratic nominees.

In New York the Republicans carried the state by about 80,000. Utah went Republican by 1500. McLaure, the distinguished free silver nominee for Governor, carried Mississippi by about 50,000.

Maryland has gone Republican by 20,000, and the legislature is Republican, thus insuring the election of a Republican to succeed Senator Gibson.

New Jersey elects Griggs, the Republican candidate for Governor, by a majority of 20,000.

Massachusetts goes Republican by 60,000.

Pennsylvania's Republican plurality is about 150,000.

In Iowa a Republican legislature has been elected, insuring the return to the senate of Allison.

The county elections in Virginia gives the legislature to the Democrats.

The Populists cut but little figure in Tuesday's elections. As a party they were practically unknown and had but little following in any of the States.

NOW FOR ATLANTA.

The following letter, relative to the through coach for the Jacksonville party which will visit the exposition on the 18th inst., has been received from the Gen'l Passenger Agent of the East and West Railway:

Mess. Ayers and Crook, Jacksonville, Ala., Gents:—Following my letter of yesterday, I now beg to advise that I have arranged to run coach through to Atlanta for your party on the 18th inst. Train will leave Jacksonville about 6:30 a. m., arriving in Atlanta at 11:25 a. m.

Yours very truly,

BART. COWDEN.

Let all who desire to join this party leave their names at the REPUBLICAN office as early in the week as possible.

On account of the new schedule on the Southern Railway, the REPUBLICAN may be late this week in reaching some of the offices in the county. We are corresponding with the superintendent of this division of the mail service, and hope to have him make arrangements that will enable the paper to reach the offices by Saturday afternoon of each week.

HELD UP.

Two Negroes Attempt to Rob B. J. Williams.

SHOW LITTLE COURAGE.

The Sight of a Razor Causes them to Abandon their Purpose.

B. J. Williams and Son, of Alexandria, do a mercantile business in Anniston, and every Saturday night after the close of business drive through the country to their home in Alexandria.

Last Saturday night near Alexandria, two negro men stepped from either side of the road and catching Williams' horse command, ed them to halt. One of the negroes drew a pistol in his hand, but before he had time to make his wants known, the junior Williams drew a razor from his pocket, jumped from the buggy, grabbed the negro with the pistol by the throat and demanded that he drop his pistol. This command was promptly obeyed by the darkey, while his partner stood by as if paralyzed. This made Williams the master of the situation, and the negroes instead of demanding blood money, began to beg for their lives. After making them promise to behave themselves in the future, the negroes were permitted to go unhurt, and the Williams went on their way home without being further molested.

It was by accident that Mr. Williams had the razor in his pocket, as he had carried it to Anniston the first of the week to have it sharpened, and was carrying it back home, so as to have it to shave with Sunday morning.

The razor is the negro's weapon, and evidently the two would-be robbers didn't know what to expect from a razor in the hands of a white man. To them no doubt it looked much more dangerous than a pistol. This is the secret of the "escape" of the Messrs. Williams from being robbed.

REV. V. M. TUMLIN.

of Anniston, Ala., Preached Two Sermons a Day for Ten Consecutive Days.

Seven years ago last August I was suddenly taken with what the doctors called a "breaking down of the nervous force." I was thoroughly prostrated. Soon after being taken sick other troubles and complications began to arise, viz: Catarrh, dyspepsia, two structures of the oesophagus, rheumatism, almost perfect deafness and choking sensation on breathing dust. In addition to all these ailments I was continually having as my companion boils, risings and carbuncles. I suffered terribly, and it was the opinion of every one that I would not live. In October of the last year the last grip (a gripper) was brought forward on the attack and for a few days I thought I would have to surrender and would but for the Electro-poise. Mrs. J. D. Thompson, of this city, induced me to try it, and after a few applications I began to improve, until now, after a few years' use of it, I feel entirely well and after not having been able to do a day's work in seven years, I am able to preach two sermons a day, as I have done recently, for consecutive days. Money could not buy my "little doctor." Yours truly,

V. M. TUMLIN.

Calhoun County in Georgia.

Calhoun county has been willing and happy to contribute all she could to the success of the exposition at Atlanta, and to the glory of old Georgia, but it is hardly fair in the Georgia folks not to render to Calhoun the things that are Calhoun's.

Visitors to the Georgia exhibit at the fair, all stop and gaze in admiration at the mammoth drawing which represents a typical southern cotton field. They read below, the words, "A Georgia Cotton field."

Now the truth is that it is no Georgia cotton field, but an Alabama cotton field, a Calhoun county cotton field. It is a picture of a plot of ground on the Cooper place in Alexandria valley. In the foreground stands Wash Crook, a relic of ante bellum days, and near him are several young negroes, all with their cotton "pick sacks" and their filled baskets.

Uncle Wash is an Alabama darkey, and if he should drop into Atlanta some day soon, pick up that picture and carry it over to the Alabama building, we should like to know who would have the right to interfere? It is Wash's picture and Wash is Alabama's negro.

HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers. How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving nothing injurious. For sale by Druggists.

Mr. Editor:—Please say in your paper that I now have the pension warrants ready for the confederate soldiers and widows of confederate soldiers. Other papers in the county will please copy for the benefit of their readers who are interested.

Trip To Atlanta Free of Charge.

During the Exposition everybody will go to Atlanta, and the question of expense is a necessary subject for consideration. While there are many ways of economizing so as to leave an offset for your traveling expenses, there is no method of doing this more surely than by going to J. P. Stevens & Bro., the well-known jewelers, 47 Whitehall St., where watches, diamonds, silver, etc., will be offered you at such a low price that you will save your traveling expenses simply by the difference in their prices and what is demanded for the same things at other places. Another point--what you get from J. P. Stevens & Bro., you can rest assured is pure. They have a great reputation for fair dealing and pure goods.

JACKSONVILLE has many things of which she can boast, but nothing of which she should feel prouder than her school. No town in Alabama has a school which is superior to the Jacksonville State Normal School.

V. H. Marshall is now connected with the new cotton oil mill at Selma, as traveling purchasing agent. Mr. Marshall is a hustler and will no doubt prove himself one of this company's best men.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from "menstrualgia" for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant, then sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. It gave me real relief, and after the lapse of five years, I can recommend it as the best medicine I know of for Indigestion and Dyspepsia. WHITE PLAINS.

We are enjoying the cool weather very much.

Mr. Ed Reese, of Texas, is visiting his parents near here.

Misses Mamie and Maggie Whitesides returned Sunday from the Atlanta Exposition. They report having a very enjoyable visit.

Rev. Mr. Morris preached his last sermon at this conference year, in the Methodist Episcopal Church at this place Sunday last. We hope it will be our good fortune to have Mr. Morris for our pastor next year.

Miss Hattie Williams entertained her friends at her home Friday evening.

The beautiful and accomplished Miss Maggie McCarty, of the faculty of the Talladega District High School, spent Sunday with her parents in Anniston.

The young ladies and gentlemen of the High School have organized a society known as the "Laconic Literary Society." They will give their first public entertainment Friday evening, Nov. 25th, in the college chapel. Come over, Mr. Editor, and attend the exercises. We are sure you would enjoy them.

White Plains is on a boom. There is to be a residence erected on College Avenue.

Miss Martie and Mr. Dudley Whiteside attended the exposition at Atlanta last week.

Miss Abbie Chambliss visited her parents at Anniston Saturday.

Mr. Mark Williams and William Scarborough visited Choccolocco Sunday.

Mr. Williamson, of Texas, is the guest of his uncle, Mr. A. J. Little.

The Misses Calhoun returned Sunday from an extended visit to friends at Gadsden.

We continue busy and prosperous. Our crops are about gathered and sold. Some of us have paid our debts and have a good conscience. Others have made good promises and have thereby quieted their consciences. We all intend to do better next year, at least to make our creditors think so.

Since our last, White Plains has gained a citizen from North Carolina, Mr. Bradley.

Some of our people have visited the Atlanta Exposition and pronounce it good.

The Talladega District High School is a success. Prof. Petty is the right man in the right place, and we feel no fear as to the future of the school.

There is not a vacant house in the place.

Among the visitors to our city we notice Mr. J. H. Williams and Mr. Marcus Williamson, of San Marcos, Texas. Mr. Williams is a brother to Dr. Williams. He left here twenty years ago for the Lone Star State. He is a successful cotton planter, and thinks his section of Texas the best. Ed Ruse has come back not quite so well pleased. The Texas climate did not agree with him.

We have no approaching nuptials to chronicle—nothing more than good intentions along this line.

E. C. Watson, our new merchant, is in Birmingham. Likewise Mr. W. V. Hannah who is there making arrangements for the free and unlimited coinage of silver at 16 to 1.

AN OLD MAN'S COUNSEL.

Mr. Monroe Davidson, of Greenville, Ga., says May 21st, 1893, "I have used Royal Garnet for Kidney Troubles from which I have suffered from boyhood. It gave me relief in a few days, and is the only medicine that has ever given me any permanent relief. I take pleasure in recommending it to any one suffering from any kind of Kidney trouble. I believe it is the best thing that old people can use for debility and nervousness." New package, large bottle, 106 doses, \$1. For sale by W. B. Arbery.

DEARMANVILLE.

A few days since Mr. William Ward and Mrs. Elisha Johns disappeared from DeArmanville about the same time, and it is supposed that they have gone together, as there has been a whispered intimacy existing between them for some time. Mr. Ward is unmarried and has been the main stay for an aged widowed mother and two sisters for many years, and if he has gone to stay leaves them in a pitiable and helpless condition, as Ward is involved and all that he had has been attached by creditors.

DeArmanville was heavily drawn on for jurors last week in the Anniston City Court.

The heavy rains of Saturday night caught a good deal of cotton and corn in the fields, but brought water for famished cattle.

Another of Mr. Wilks Horn's children died last week with what is termed by some physicians diphtheritic sore throat. The child was four years of age.

Tribute of Respect.

Whereas: It hath pleased our Heavenly Father to move from our midst our beloved sister Bettie Rhodes.

"We live in deeds, not years, in thoughts, not breaths, in feelings not in figures on a dial." So she, happily converted at twelve years of age, and before she was thirty the dread summons came, calling her hence; during this interval of a few years, notwithstanding her great physical suffering, she would shed tears of joy and gladness at the mere mention of the name of Jesus, and though so young she only craved to live longer with the sole object of doing more for Him.

Our loss is her gain, for her spirit it has been transported in the garden of paradise, the Eden of happiness, redeemed, perfected and made glorious in the divine splendor and image of Him who hath said: "I am the Way to Truth and the Life."

We deeply sympathize with the surviving aged mother, with sisters and brothers, whose hearts are stricken with sore grief and sorrow at the loss of a loved one rendered dearer by her pure life and patience in suffering, yet we rejoice to know she only left a mother's tender care on earth, to join a sainted father who had preceded her to that land where sickness sorrow and death are unknown.

Resolved, 1st—That while we mourn the loss of her beautiful and exemplary Christian life, we bow with humble submission to the will of Him who doeth all things well, and the memory of her deeds will inspire us to higher attainments in the Christian life, and more earnest zeal for the Master's cause.

Resolved, 2nd—That in her death Harmony Church has lost one of its brightest and most active members, and the Sabbath School a faithful and efficient teacher.

May the sweet influence of her pure life be felt for many years to come, And the lessons of truth to children Guide them safe on, to a heavenly home.

Resolved 3rd—That this report be spread on the minutes of the church, a copy sent to the family and sent to county papers for publication.

Ol. Jones left here last Sunday for Texas, going via Atlanta, Ga.

Timothy Pierce, of Oxford, was in this community Monday on business.

Bob Poland is able to be up again. He went over to Heflin last Monday.

There were plenty of fresh cotton blooms to be seen in the fields last week, but the freeze of Monday night will put a stop to all of that.

Willie Russ, of Eastaboga, was here Saturday and Sunday.

W. H. Davis has gone to Bowden, Ga.

J. C. DeArman was visiting here last Saturday and Sunday.

Children Cry for Pitcher's Castoria.

SAM SLIM OF OXFORD.

Who struck Billy Patterson? The gold bugs say the silver men did it, and the silver men say the gold bugs did it.

If it was the silverites, it was accidental, for every one of them you meet is awfully sorry that Billy got hit. It is not so with the gold bugs. They ain't sorry worth a cent, and from every indication, I have come to the conclusion that single gold-standard is the fellow that hit Billy Patterson a Joe darter between the eyes.

In 1892 the Republicans who favored a double standard united with the Democrats who to a man, except possibly Mr. Cleveland, and he kept his mouth shut until after the election, favored a gold and silver standard. The democratic newspapers from Maine to Mexico advocated every presidential elector from the Atlantic to the Pacific preached it, and every Democrat north, south, east and west talked it. The Democratic battle cry was down with the cowardly makeshift and restore silver to its place as primary money.

That's the kind of talk and speech making and newspaper articles Mr. Cleveland and a Democratic House of Representatives were elected on. That's the kind of talk and reading and speech making that hit the Republican Billy Patterson in 1892. Hit him hard, too. He didn't know where he was at for a good while.

But when Mr. Cleveland constructed the Democratic platform after the manner of the Republican party, then Republican Billy Patterson announced his bruises, put eye salve in his eyes, convalesced, and got well and stout.

Mr. Cleveland's last administration has been good for the bruised and crushed, and wounded, and sick-unto-death Republican party, as Mrs. Winslow's soothing syrup is for a sick baby. Yes, his administration cured the Republican party after all the great political physicians of the United States gave it up to die. Many did, in fact, say it was dead. And if, as many claim, Mr. Cleveland has killed the Democratic party, he has succeeded in raising from the dead the great Republican party.

The Anniston correspondent yelped again last week. I didn't hit him any more. Didn't even motion at him. Wonder if he is going mad?

Well, that \$7,500 in clean cash to raise, and that great long petition to get up, and then the prospect of being beaten out of his boots when the election comes off, is almost enough to give the average Annistonian hydrophobia, or at least the sick headache.

BERA.

Prof. P. I. Stovall reopened his school at New Bethel on the 11th, inst.

J. A. DeFreese who has been in very bad health for some time, is much better.

W. Canada, of Eastaboga, has been appointed constable of his beat, vice Eb. Taut, resigned. Will make his first arrest a few days ago.

J. A. Harris will soon move to Eastaboga.

There is some excitement in these parts over the stock law. The "antics" will make a desperate fight against the law.

Beat 4 will furnish a candidate to run for commissioner against Buck Sisson. He has secured the services of H. P. Costley's duster, and will make the race on the free grass platform—16 to 1.

Oh, that good old Moses would extend this rule over beat 5, and command peace between the two rival factions.

There was a mad dog excitement in Bera on yesterday. A dog, showing signs of hydrophobia, bit a cow belonging to Frank Waddle. The dog was not killed.

On last Saturday morning about 4.30 o'clock the large barn belonging to Mr. J. J. Skelton was discovered to be on fire. The building was enveloped in flames when first seen, and the wind which was blowing, aided in its destruction. All efforts to save the property were futile, and the best that could be done was to prevent any other houses from catching fire.

Mr. Skelton's loss is about five hundred dollars without any insurance.

JOHNSTON AND OATS

The Hot Blast—Declares for Johnston for Governor and Oates for the Senate.

As Long as the Lamp Holds Out to Burn the Vildest Sinner May Return. There is Hope for Brother Smith Yet.

FAVORS PARTY HARMONY.

For the past two years Brother Smith of the Anniston Hot Blast has wandered far from the financial paths of Democracy as marked out by the fathers of the Democratic party. But in Wednesday's issue of the Hot Blast there was evidence that the prodigal had grown tired of feeding on the husks of Shermanism, and was getting ready to repent for his sin against pure Democracy and return to the house built by Thomas Jefferson, the father of Democracy.

While he brings forth fruit meet for repentance by declaring for Capt. Johnston for Governor, yet he does not show that humility by favoring election of Johnston in as graceful and elegant a manner as he might have done. But he has gone so far wrong recently, that too much must not be expected of him at once. The lamp will yet be kept burning for him.

But we must say that the position which the editor of the Hot Blast takes is mainly. He sees that the nomination of Capt. Johnston will unify the Democratic party and like a true man he does not hesitate to say so. It is true that the success of the Democratic party in Alabama is more important than the election of Johnston to the Governorship or of Gov. Oates to the United States Senate, and if necessary we must all make concessions to secure harmony in our ranks.

In closing his editorial in reference to the nomination of Capt. Johnston the Hot Blast says: "Loving the Democratic party and its principles as a whole rather than any individual or particular creed, and believing Joe Johnston is entitled, by reason of party justice, to the party nomination for the next governor of this State, and believing that his nomination will satisfy and unify the party. THE HOT BLAST will strongly advocate it. His views, as reflected by the State Herald, are certainly more tolerant now than when the last gubernatorial campaign was waged, and we are disposed to forgive and forget in order that Democracy and good government may continue in this State."

But the gentleman will not benefit his cause by advising, or permitting his friends to continue to denounce the administration. The administration is just as honest as the gentleman who seeks this honor at the hands of the Alabama Democracy. While working for party unity let us accord freedom of thought to every man.

It is the desire of the editor of this paper to see Johnston the next executive of Alabama, and Wm. C. Oates the successor of Pugh in the senate.

SCHENCKS SPRINGS.

Miss Jane Lee died last week and was buried at Mt. Gilead.

James Cobb, who lives on my place near here, had two hogs to stay about ten days ago, one black and the other black with white spots on it. Any information as to their whereabouts will be thankfully received.

It looks like there might be a chance for the Springs to get on a boom, for half of the cottages here are occupied, and I learn that we are to have two saw mills and a shingle mill running before long. I would like for the boss to come down and have a nice hotel built here, and also a dummy line from my house to the Springs.

The Atlanta Special.

On next Monday the special train that will take the Jacksonville party to the exposition will leave the depot at 6:30 a. m. and it will arrive in Atlanta at 11:26 a. m.

Quite a large number of our citizens have taken advantage of this liberal offer of Col. Ball to place them in Atlanta before dinner on the day they leave Jacksonville and will go over on this special. There are some of our friends on the East and West line who have signified a desire to join us. Those living West of Jacksonville will meet us at this depot, while those east will join the party at their respective depots along the road.

The Republican had a representative in Atlanta last week to arrange quarters for those of the party who desire to be together while in the city. He succeeded in getting a rate of \$1.25 per day (lodging, breakfast and supper) at one of the most elegant and convenient hotels located boarding houses in the city. An elegant parlor, neat attractive rooms, and excellent fare will be furnished. This is a remarkably low rate, and the party is fortunate in securing it.

PRESENTMENTS

Of Circuit Court Grand Jury

RETURN 28 TRUE BILLS

Morals of the People Improving in Larger Portion of Calhoun.

FALL TERM OF CIRCUIT COURT, 1895, CALHOUN COUNTY.

Hon. George E. Brewer.

Judge for the seventh judicial District of Alabama.

We, the Grand Jury empaneled by your Honor for this term, would, with much respect, tender to you our thanks for the very able and lucid charge given us as to our duties as Grand Jurors.

We come to make report into your Honor that we have diligently enquired into and thoroughly investigated, all violations of law brought to our knowledge. In doing this we have examined 222 witnesses, investigated 49 complaints, and return 28 true bills. It is our pleasure to report the morals of our people in the larger portion of our county improving and manifesting much respect for the law, and public proprieties necessary to good citizenship.

With equal regret we have to report that in a few localities a very grave disregard for law and public decency is manifest by the illegal traffic in liquors, public drunkenness, profane language in public places, slanderous conversations, and damage to property.

The Justices of the Peace have made reports, written or verbal. The bridges and public roads are reported in good condition. Their having been some complaint, we would suggest to the County Commissioners to be very careful in their examination of accounts rendered by Public Road Contractors, as to time and persons who were employed to work.

The County Jail is safe, clean, well kept, and prisoners report good treatment. We would call the attention of the proper authorities to the sewer which empties just west of the Jail, and recommend some more decent and healthful way of its disposal. We would also call attention to the authorities as to the blinds of the court house being off, and ESPECIALLY to the place of "Public Comfort" which is in serious need of repair.

We have examined in a limited way the offices of the Treasurer, Probate Judge, Sheriff, Clerks and County Superintendent. We find their books neatly and correctly kept. But we find that Grand Jurors discharging their duties as such, have not the time to investigate said offices in the manner the law contemplates. We therefore recommend that the law be so amended as to have employed with the Grand Jury two expert accountants whose duty shall be to make such examinations and reports upon said offices as the law may direct.

We find the Alms House, for white and colored, neatly kept and the inmates report favorably upon their treatment.

We tender to Mr. B. F. Wilson, our genial and able Solicitor; our thanks for his promptness and pains taking care in directing our labors.

We also commend and thank Mr. S. A. McCollum for his faithful discharge of the duties of Door keeper.

Again thanking you for the courtesy shown us, we most respectfully ask to be discharged.

HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers. How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Druggist.

OTHERS

There is a difference between medi-
cines and medicines.

ROYAL GERMETUER

THESE FIVE THINGS:

1. It does not taste like a medi-
cine. It is as pleasant to take as
a lemonade and makes a most refreshing
drink.
2. It never nauseates the most
delicate stomach.
3. It does not stop off one dis-
ease for another. It does not set up
another as is so often the case.
4. It contains no alcohol or
opium in any form and is always
harmless even when given to a babe
one day old.
5. It does not patch simply, it
cures. It reaches as nothing else
does to the hidden sources of disease
in the blood and removes the cause. It
does this with an ease and power that
have never been equaled.

For all troubles of the Blood, Stomach,
Bovine, Kidney and Nerve, and for all forms
of MALARIA, FEVER, and all other ailments

DR. F. B. CRUTCHER

The Well-Known Specialist
is Now Located in

GADSDEN, ALABAMA
WITH OFFICE OVER THE
CITY DRUG STORE.

He treats all kinds of Chronic, Nervous, Blood, Skin, and
Private Diseases of both sexes.
Chronic Diseases of long standing permanently cured.
Dr. Crutcher comes to Gadsden with the highest endorsement
of the people of Nashville, Tennessee, where he graduated with
the highest honors from the old Vanderbilt and Nashville
Medical Colleges.
He is a practicing physician of many years' experience, and
in his special treatment of old chronic troubles has had wonder-
ful success, permanently curing cases after others had pro-
nounced the patient incurable.
Among the voluntary compliments to Dr. Crutcher's skill as
a specialist the following from some of the leading citizens of
this community will convey some idea of the impression his
ability has made upon the public in the short time he has been
located in Gadsden:

This is to certify that I have been
afflicted with Rheumatism for the
past two years which has rendered
me totally unfit to do work of any
kind, but I am proud to say to the
world that after having Dr. F. B.
Crutcher, of Gadsden, who makes a
specialty of old chronic diseases, to
take my case in charge and give me
a thorough course of medical treat-
ment and am now up on my feet
again and able to do very good work
on the farm. I have been treated
before by an able neighborhood
physician who told me that my
case was one of the incurable,
and I had made up my mind to die,
but thank heaven and Dr. F. B.
Crutcher that under his treatment I
can now see life as it has come back
to me in its blessings. I can praise
the bridge that carries me over.
live at Maple Grove, Cherokee
county, Ala. As for truth of this
statement I refer the public to all
of my neighbors who have undergone
of suffering I have undergone for
the past two years. I am not en-
tirely well, but Dr. F. B. Crutcher
still has me under his treatment and
I feel satisfied that by the time I
have finished the course of treat-
ment I will be a sound man. I will
say further that I had heard of this
physician say so much against this
doctor that I had no faith in the
treatment, but determined in my
mind that I would give Dr. Crutcher
a trial and so far as I have gone
with the treatment I have improv-
ed faster than Dr. Crutcher prom-
ised me, and I want suffering hu-
manity to know that I can testify
for this Doctor.

Respectfully,
J. T. OWENS

To whom it may concern:
I want every man, woman and
child to know that I was very near
the grave a few weeks ago, suffering
with that dreadful disease, rheuma-
tism. I have been confined to my
room and most of the time to my
bed for nearly one year. I tried a
number of doctors in Gadsden and
the country for relief, but rapidly
grew worse and worse, and all med-
icine, when I chanced to hear my
good wife read an advertisement in
the Times-News that Dr. F. B.
Crutcher, of Nashville, Tenn., was
located in Gadsden and proposed to
treat old chronic diseases on a sci-
entific plan, and that the doctor was
giving good satisfaction. I said to

my wife that I guessed he was some
quack and he just wanted a few dol-
lars that I had left. After spend-
ing in one way and another over
\$500 I did not feel like giving the
last few dollars away, and she re-
sponded with me and said that I was
due my family and myself to do all
in my power to get well, so to
please my good wife I sent for
Doctor Crutcher. He came and
talked with me, examined me care-
fully and said, well sir, I will give
you a course of medicine which I
think will cure you. Lasked him what
he would charge me for his serv-
ices. He answered \$50, kill or cure.
I told him I was willing to pay the
\$50 provided I got well. He said
he would not insure to cure a lick
fit, that he was no God and did not
run an insurance business, he sim-
ply tried to do all in his skill and
power to cure and when he did that
he was entitled to his fee. So I
told Doctor Crutcher that I believed
I would keep my \$50, that I could
leave that to my wife and little chil-
dren. His last words to me on this
subject was do as you please, I don't
coax people into treatment, but
that when a person made up his
mind to be treated he would
make them believe they never was
doctored before, and Dr. Crutcher
left me on my bed and went back
to Gadsden. I suffered all night and
debated the question in my mind if
I have this man treat me I don't
get well my \$50 is gone, besides the
medicine I would have to pay for.
But I decided that I would try him,
so I spoke to my neighbors about
the matter and they said, no sir,
Mr. Crutcher, don't you employ
that Doctor Crutcher, for I have
heard so many say Dr. Crutcher
could do no good. It was sim-
ply because Dr. Crutcher was in
their way and knew how to handle
these old chronic diseases and had
proved to the people of Gadsden
and all North Alabama that he was
a terror to these old diseases. So I
employed Dr. Crutcher and I can
look the world in the face today and
say that Dr. F. B. Crutcher has
been treating me for four months and
I have gained thirty pounds, up and
able to walk 2 or 3 miles rapidly,
and it doesn't even make me sore,
I feel that a man or woman who
will not have Dr. F. B. Crutcher to
treat them, if they are down with
old chronic trouble, that they are
simply shutting the door of bless-
ings against themselves. I want
to say that I have been living near
ly as well as I have for two years, but

Gadsden for a number of years,
have always paid my honest debts,
tried to tell the naked truth, and I
can say Dr. F. B. Crutcher has told
me nothing but the truth all the
way through. I will say that Doc-
tor Crutcher is a high priced man,
but I believe there is a difference in
goods, and I believe there is a dif-
ference in doctors. Respect,

T. J. CROMER

I live in Calhoun county, my
post office is Colvin's Gap, I am 56
years old. I was born in four miles
of where I now live, have lived
here all my life. I have suffered
with nasal catarrh for four years in
its worst form. The disease went to
my lungs and the result was that an
access formed and opened exten-
sively, and I can truthfully say that
there has been more than a half
barrel of corruption discharged
through this opening which ran
about seven months. I was treated
by a number of the best physicians
in Calhoun and Clay counties, and
grew worse all the time. I also tried
the best patent medicines I could
hear of without any benefit. I had
given up of ever being cured when
I chanced to be in Gadsden and Mr.
Oscar B. Ralls saw what a dreadful
condition I was in and told me that
Dr. F. B. Crutcher had located in
Gadsden and was treating old
chronic diseases with most wonder-
ful success and advised me to have
Dr. Crutcher to treat me. I applied
to Dr. Crutcher for treatment and
he examined and told me that my
case was one of the worst he had
ever seen, but thought he could
build me up so my health would be
much improved. I asked the doc-
tor what he would charge to give
me a course of treatment. He told
me he would treat me for one hun-
dred dollars. I thought the price
high, but decided to have him put
me under treatment at once, and
now I can say that while I am not
entirely well, that I am well sat-
isfied with what he has done for me,
and do not begrudge my money.
I am not through taking my course
of treatment yet, but am satisfied
that I will be entirely cured by the
time I have gone through the whole
course of treatment. Dr. Crutcher
told me that he was not an insur-
ance doctor or a God in medicine,
but he would leave nothing undone
to give me relief, and I can
say that he has done more
than he has promised to do for me.
I have been so I could
not do any work for two years, but

now I can make a full hand on the
farm, and feel like a new man.
My nose came very near rotting off,
but now my nose is entirely well,
and I shall ever praise Doctor
Crutcher for what he has done for
me and I know others who can
praise Doctor Crutcher for what he
did for them in old chronic dis-
eases.

Respectfully,
R. G. GRIFFITH

This is to let the public know
that my little daughter was given
up to die by a number of doctors
in Gadsden, when I called in doc-
tor F. B. Crutcher, who recently
located in Gadsden to treat old
chronic and acute diseases. When
I called in Dr. Crutcher to see my
little girl she was a horrible and
pitiable sight to look upon. Her
nails had come out and her skin
had peeled off, and the skin had
come off of her whole body so that
a fly to light on her would throw
her into convulsions, and when Dr.
F. B. Crutcher put her under
treatment she began to mend at
once and now she is sound and
well. If skillful treatment ever
saved a human being's life it did
so in my little daughter. There
was about one thousand people
saw my little daughter while she
was so bad, but now she is in
perfect health. I live in Gadsden
and a thousand people who saw
this child can testify to this state-
ment. I do believe Dr. Crutcher
is the only man I ever knew that
doctored a person like they must
get well if there is anything on
earth to cure them. I want to say
to the public that I believe that
Doctor F. B. Crutcher is the great-
est living man on this earth to cure
sick people. Oh, what a blessing
to this world is such a man as
Doctor Crutcher. It is true that
Doctor Crutcher is a man that
charges high prices but my God,
deliver me from cheap John doc-
tors as long as I can get Doctor
Crutcher. What a hard heart man
must have not to employ Dr.
Crutcher because of his high price.
I had rather pay Doctor Crutcher
to treat me than have the majority
of doctors treat me for nothing.
God bless Dr. Crutcher. I wish I
had power to let the whole world
know what a wonderful man Doc-
tor Crutcher is.

Trip To Atlanta Free of Charge.

During the Exposition everybody will go to Atlanta, and the question of expense is a necessary subject for consideration. While there are many ways of economizing so as to leave an outlet for your traveling expenses, there is no method of doing this more surely than by going to J. P. Stevens & Son, the well-known jewelers, 47 Whitcomb St., where watches, diamonds, silver, etc., will be offered you at such a low price that you will save your traveling expenses simply by the difference in their prices and what is demanded for the same things at other places. Another point--what you get from J. P. Stevens & Son, you can rest assured is pure. They have a great reputation for fair dealing and pure goods.

JACKSONVILLE REPUBLICAN

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA. SATURDAY, NOVEMBER 23, 1895.

VOLUME 59

CALHOUN NEWS

From Every Nook and Corner of The County.

FOR THE PRESENT WEEK

The Republican's Correspondents Gather the News and Furnish it to its Readers.

ANNISTON.

The gold bugs, generally, are rejoicing over the sweeping Republican victories. They claim that Cleveland and Carlisle have been repudiated, but true democrats are not feeling good over the results of the elections. They feel and know that the people have repudiated the actions of Cleveland and Carlisle. They know the party is doomed, unless it can be gotten from under the influence of Republicans in sheep's clothing.

Several candidates have announced for office in other counties. Why is it that they are so slow in coming to the front in Calhoun? Are our men not as ambitious and courageous and competent and looking as any on earth? Are our unknown causes must be at work among aspiring citizens. These who desire political honors should let it be known, else we may do to office some who would prefer to remain private citizens.

The Hot Blast says the U. S. car company will begin operations on a large scale about the first of January; also that the furnaces will go into blast about the same time. This is good news to all the people of the county.

Our people continue to visit the exposition in large numbers. All who are able should not miss this opportunity of seeing one of the greatest shows of modern times.

While there is but little satisfaction for Democrats in last week's elections, there is still less for Populists.

The city public school teachers will visit the exposition on the 28th and remain three days.

The city court is not having so much work to do as usual. The docket is exceedingly light.

Cards are out announcing the wedding of Prof. Harry C. Gannals to Miss Laddie Goss, of Harmony Grove, Ga. The ceremony will take place on Tuesday, the 28th inst. Prof. Gannals is a member of the faculty of the city schools, and is one of the ablest and most promising young educators in the state. He also stands high in military ranks, being Captain of the Calhoun Rifles. Miss Goss is one of Georgia's most charming, young women—intellectual, cultivated, beautiful, sincere—and Prof. Gannals is to be congratulated on winning her heart and hand.

Quite a number of our citizens attended the exposition on last Saturday—Fruitthrust day.

The excursion train which was to go to Atlanta on last Saturday, had a collision with the last bound passenger train at Austell. Messrs. S. B. Moore and R. B. Kelly, who were the only members of the Calhoun party on the train, escaped unhurt. Several others were more or less injured.

A little daughter of Mr. and Mrs. Max Webster died on Saturday of scarlet fever. The bereaved parents have the sincere sympathy of the entire city.

Since the change in the schedule of the E. T. Va. & Ga., the travel and patronage has greatly increased.

Mr. and Mrs. Foster Stockton are taking in the Exposition this week.

Rev. Mr. Stewart, of Evergreen, preached Sunday morning and evening at Parker Memorial Church.

The young ladies of the Southern Female University attended the Exposition last week.

The farmers say almost all the cotton has been gathered and sold. With the free coinage of both gold and silver, they would have received from 10 to 12 cents for their cotton.

This is criminal week in the city court and Sub. Judge is sending the boys "around the mountain" in great shape.

Nearly all the Democrats here are for Johnston for Governor.

DEARMANVILLE.

Last Wednesday night Mr. Wm. Ward, who was returning from Georgia, was thrown or fell from the train moving at rapid speed. He was badly cut in the back of his head and face, and bruised and injured internally. The train backed after stopping and took him on board, in an insensible condition. He was carried down to Anniston where he received medical attention. He was brought home the next day where he has been confined since on account of his wounds.

The family of Cicero Bobo left this week for Ellis county, Texas. Mr. Rick Miller, with his family, will go to Lamar county, same state, in a few days.

Very little land has been rented in this section for the ensuing year.

At this writing a year-old child of Asa Allen, Jr., is quite ill with croup.

This being off year in elections other things are off. The price of cotton is off and this hurts. A good many of our citizens are off for Texas this fall, and a number who talk of hard times at home are off to the exposition.

Mrs. L. L. Allen and daughter, Lula, are visiting the exposition this week. Miss Oscar Long, Russell Davenport, and W. C. Borders went Wednesday.

"When the frost is on the pumpkin and the feller's in the shock?" We much prefer the pumpkin when cooked in custard pies.

There are several embryo candidates in this part for County offices next year—one a populist of the Muskier order.

Thirty five cents per bushel for corn is the best at this time.

Very little wheat is being sown this fall and no oats till Spring.

SCHENCKS SPRINGS.

Mrs. C. Usry is very sick with blood poisoning.

Mr. B. F. Howell, of the firm of Clarke and Howell, died at his home in Anniston last week. Mr. J. D. Foster bought his interest in the saw mill before he died.

Col. Ball stayed over here one day last week and agreed to haul logs on the railroad for saw mill company.

The young folks of this vicinity had a grand party at George Vee's last Monday night, and I must say they had a very nice time, though the best part of it was that they had one hundred and thirty pounds of rice among them.

That long looked for wedding at Duke's took place last Thursday night at the Rev. T. K. Trotter's. The contracting parties were Mr. W. C. Davitte and Miss Bannum Trotter. Rev. J. M. Webster officiated. Oh how I wish it had been mine!

I am going to have a hog killing before long and I want the Junior Editor to marry and I will give him a dinner with back bones, spare ribs and sausage meat. I cannot marry myself, for the young ladies have condemned and retired me from the matrimonial field to private life. But I am like Byron, I have a heart that can smile at any fate.

IRON CITY.

There was quite a crowd that went from here to the exposition Tuesday.

Rev. Thos. O. Jones preached his last sermon here last Sunday for this conference year.

Died, Monday night, a four year old son of Mrs. Carrie Davis and a grandson of Rev. J. A. Scott. He was a very bright little boy and was the baby and the idol of the family. He was buried Tuesday afternoon at the family cemetery.

Mr. and Mrs. Dan Gable moved back to Iron City last week. They have been in Georgia for a few months.

The James Scott real estate was sold Tuesday by Administrator S. D. G. Brothers. Mr. R. H. Finkler was the purchaser.

Mr. J. C. DeArman was visiting our town last Sunday. He is coming very often to see some of us for instance, some of the fairer sex.

Miss Mamie Scarborough came home last Friday and has gone with her father's family to the exposition.

JENKINS.

The general health of our community is good.

Everybody is busy finishing gathering their crops and all are about through.

The women folks are busy making winter clothes and cooking for the hungry men and boys.

Now, Mr. Editor, if you want to see hungry boys eat, you just ought to come to Jenkins and see Mosley's saw mill boys' hide away turnips, fat meat, corn bread, and potatoes. It is well these hard times that people have such good appetites for there is not much variety in the fare.

Some of our boys and old men too are thinking of going across the country to the great exposition in Atlanta soon.

Mrs. Emma Armstrong visited relatives in Clay county last week.

Dick Whiteside went to his father's at Oxford last week to recruit from a severe cold.

R. P. Defreese and daughters, Mattie and Minnie, and Miss Lizzie Whiteside made a flying trip to Anniston Monday.

D. Jackson with some prisoners stopped over in Jenkins for dinner last week on their way to Anniston.

Mr. Tom Woodruff, in company with another drummer, passed through our burg to-day.

We hear it whispered around that one of the fair young ladies near by will be led to the matrimonial altar in a very few days.

L. A. Mosley's hand is doing well that was torn so badly in the gin a month ago, but it will be some time before he can use it.

BYNUMS.

Rev. R. L. Wilson delivered his farewell sermon Sunday.

Mr. W. M. Webster, of Bartlett, Texas, is visiting relatives and old friends through this community.

Mr. S. O. Doty, of the Woodstock Iron Works, was down last week in interest of the company. Several cars of cross-ties have been shipped from here to be used about the works.

There were several visitors from here last week to the exposition. Among them were Mr. and Mrs. T. D. Bynum and daughter, Miss Minnie, and Mr. R. Hughes.

Mr. G. F. Bently and wife, of Fayette, came up last Friday to visit their parents, Mr. and Mrs. E. A. Hughes. Mr. Bently extended the visit to the exposition and other popular Georgia points.

We notice The State Herald announces Capt. Joe F. Johnson as candidate for governor. Who will be his opponent for the nomination? What man could be selected from Alabama's able corps of politicians that would come nearer healing the wounds of the Democratic party in this fair State than he?

Regardless of money question views, we believe he will receive the hearty endorsement of the Alabama press and the solid vote of Democracy.

CHOCOLOCCO.

Farmers are about done gathering their crops. Cotton is about half a crop, corn two thirds. Very little wheat is being sown in our community.

Several parties have been to the exposition. All pronounce it a big show.

Everybody is for Johnston for our next governor, and nearly all are for silver at 16 to 1.

Rev. Tom Jones preached his last sermon at the academy last Sunday night. All of every denomination love Bro. Jones and hope he will be returned to this charge.

Dr. John Scott's little grandson died last night and will be buried at old Davisville to-day. Bro. Scott has the sympathy of our entire community.

Mr. W. D. Saow, of DeArmanville, was a visitor in our community Sunday.

Farmers are not selling their cotton but are holding for better prices.

Rev. G. B. Russell, of Leeds, was in our town last week in the interest of the Orphan's Home of the C. P. Church. He raised some \$45 for the home at this place.

S. K. Cunningham, of Oxford, will move back to his farm near town this winter.

MINK.

The health of our community is good.

Since we last wrote, some of our citizens have visited the exposition. They were C. A. Hollingsworth and family, Miss Lena Abbott and Miss Lula Booser. They were all pleased with the trip.

Mrs. Anna Beese, of Merrellton, visited friends near Mink on the 16th.

Misses Claudia Pitts, of Tredegar, and Miss Aderhold, of Jacksonville, were visitors to Mink last Saturday.

Mr. H. H. Booser left for Atlanta on the 18th inst.

Miss Amanda Barnes, of Hokes Bluff, opened her school at Williams school house on November 11.

Resolutions of Respect.

Whereas Mrs. L. D. Lawrence has for several years, been a citizen of Chocologoco, and was ever ready to exert her influence for the promotion of the best interests of the community; And whereas, she was a good and efficient worker in Christ's Vineyard, as an active member of the ladies' prayer meeting, and as a librarian and teacher in our Chocologoco Sabbath School; And whereas, she has moved out of our community:

Resolved 1st, that we, the community, and especially the Sabbath School, do hereby express our very high appreciation of her and her labors among us, and our deep and heartfelt regret in losing her from our midst.

Resolved, That we cherish her memory, while we commend her to the good people of Jacksonville where she has gone to abide for a time.

J. E. DOWLING,
MISS ALICE DAVIS,
MISS HATTIE SCARBROUGH,
MISS NOMBIE WHORTON.

Jerome K. Jerome's Short Stories.

Jerome K. Jerome has written a series of short stories for THE LADY'S HOME JOURNAL. They will be published during the ensuing few months, under the caption of "Stories of the Town." Mr. Jerome portrays well-known types of characters in these stories, the first of which he calls "Blase Billy." The series is interesting from the fact that it constitutes the first short stories that Mr. Jerome has ever written directly for an American periodical.

Morphine for Quinine.

A gentleman by the name of Byrd, who lived in Beat 4, was given a dose of morphine last week by his wife through mistake, he believing it to be quinine. He died in a few hours after the dose was administered.

Editor Buys A Farm.

Milton A. Smith, editor of the Hot Blast, has purchased the Joe McReynolds farm near Jacksonville. It is a splendid place and has on it one of the finest young orchards in the county and a large deposit of fire brick clay.

People's Journal Suspended.

The Peoples Journal, which has been published in Jacksonville for the past eight months, has suspended.

A committee of Populists met in Jacksonville Saturday to take steps toward organizing a joint stock company to publish a paper in the interest of the Peoples party in this county. It is not decided where it will be located.

LAND SALE.

I will sell at auction on Monday, Nov. 25, 1895, between 12 and one o'clock, to the highest bidder, on the premises in Beat 7, Calhoun county, the farm known as the J. M. Keller place, containing 260 acres. This is a fine farm, has three good dwellings and necessary out buildings. Has forty acres cleared bottom land and thirty acres cleared up-land. Terms: One-third cash, balance one and two years with interest.

Fat Stock.

Mr. Simeon Weaver, one of our strictest young farmers, was in the "Huntsman's" office on Thursday, and while pleasantly talking of his farming operations remarked that he had killed two pigs the day before, and that the receipts from them had been quite satisfactory. He said that the pigs netted him 204 pounds each. He had made 140 pounds of sausage and sold 60 pounds of it for \$9. He had 50 pounds of sausage in his meat house, all the feet, head, two middlings, and two cans of lard. Mr. Weaver thinks there is money in turning his cotton into corn and his corn into meat.

Death of William Goodlett.

Last week Mr. D. Z. Goodlett received news of the death of his brother, Mr. William Goodlett, which occurred some days before at the home of the latter in New Mexico. Although the deceased has been away from Calhoun nearly thirty years, there are many of his friends yet living in the county who will hear of his death with sincere regret.

Davitte-Trotter.

On Thursday the 14th inst., at Duke, Mr. W. C. Davitte was married to Miss Trotter at the residence of Rev. T. K. Trotter, the bride's father. The contracting parties are prominent young people of Duke, and a large number of friends witnessed the marriage ceremony. The bride is a beautiful, lovable and very popular young lady. Mr. Davitte is the agent of the E & W Railway at Duke, and is a prominent young man of that town.

The REPUBLICAN sends its best wishes to Mr. and Mrs. Davitte.

Skelton-Lester.

At the residence of the bride's parents at Four Mile, on the afternoon of Wednesday the 13th inst., Mr. Tony Skelton was married to Miss Mattie Lester. Both of these young people are well known in Jacksonville and the surrounding country. Mr. Skelton is a son of our county commissioner of that name, and is a most excellent young man. The bride is the daughter of Mr. E. L. Lester. Mr. and Mrs. Lester are receiving the congratulations of their host of friends and acquaintances in Calhoun.

The special train consisting of two passenger coaches, a baggage car and an engine, which Col. Zall kindly placed at the service of the Jacksonville party who visited Atlanta this week, pulled out of the depot at 6.30 on Monday morning with forty-six passengers aboard. At Glover's it was joined by four recruits, and at Piedmont a jolly party of twenty-five were taken on. This made seventy-five who accepted the invitation which the East and West management extended through the REPUBLICAN, and a happy crew they made. Thirty was the number required to have the "special" run through to Atlanta, but it will be seen that two and one-half times that number were secured.

GATHERED ON THE HIGHWAY

Of Interest to Home Folks and Their Friends.

There are many more of our citizens who will take in the exposition before it closes.

Miss Lillie Weems is at home after a pleasant visit to friends at Carrollton, Ga., and a week spent at the exposition.

Mrs. Frank Weems and her sweet little daughter have been visiting the family of Mr. F. A. Weems.

Mr. William Ramey, once a citizen of Jacksonville, and for several years owner and operator of the stage line between here and Rome, Georgia, died at his home in that city last Tuesday.

H. J. Dean, of Spartanburg, South Carolina, spent part of this week in Jacksonville. Mr. Dean was for years a prominent citizen of Calhoun county, and has many friends in his old home who are rejoiced to have him with them again.

A party of Kansas emigrants bound for south west Georgia passed through Jacksonville this week, and stopped for a while on our square. They were part of a colony that had purchased one thousand acres of land. They seemed to be delighted with our climate and said that they had spent the seven weeks out very pleasantly.

Mr. McLaughlin has resigned his position as agent for the Southern at Jacksonville, and is succeeded by Mr. Edward Driskill.

Mr. McLaughlin has made himself a very good man for the place, so far as the people of Jacksonville are concerned. Mr. Driskill is an old Jacksonville man and we have no doubt of his proving himself as efficient a man as the road could place at this agency.

Mr. A. B. Hollingsworth, one of the wealthiest young men of Calhoun, was in the office on Wednesday morning and subscribed for the REPUBLICAN. He is going to move his millinery industry to Brookville, Florida, and wants to keep posted as to what is happening in and around his old home.

Mr. Hollingsworth is an excellent gentleman and we commend him to the community in which he will make his home.

Mr. Lafayette Whisenant, who had many friends in Calhoun county, died last week at his home in Mississippi. His death was a sudden one, and none of his relatives knew of his illness. The remains were sent to the family burying grounds at Hopewell church—Ashville, Alabama—where they were interred on Wednesday the 13th inst.

Mr. Whisenant was a generous warm hearted citizen, while he lived in Calhoun, and many are the friends who will learn of his death with sincere regret.

On Tuesday, at the Stevenson Hotel, Rev. F. M. Treadway performed the ceremony which made Richard Johnson and Miss Missouri Clark man and wife. The marriage was a very quiet one, only one or two friends being present.

Mr. Johnson was formerly a resident of Jacksonville, but is now book-keeper for Howell and Clark at Tampa. Miss Clark is the daughter of Mr. Enoch Clark who lives a few miles from town.

HOW TO PREVENT CROUP

Some Reading That Will Prove Interesting to Young Mothers: How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Druggists.

Why should the people of Jacksonville send away from home to make their purchases when they can buy at the store of P. Rowan anything they desire from a knitting needle to a steam engine?

Why send your money away from home for Clothing, Gents Furnishing Goods, Ladies Dress Goods, etc., when you can get what you want here at as low price as you can get it anywhere?

Why should the people of Calhoun county go elsewhere to make their purchases when they can come to the store of P. Rowan and get what they want for less money than they can get it at other places? P. Rowan has made a reduction on prices all along the line, and you should come and see his goods and get his prices.

Why can he sell goods for less money than others? He pays cash for what he buys and has no rent to pay.

Come and see the stock of P. Rowan, get his prices, and you will give him your trade.

Children Cry for Fitch's Castor

FROM Wall Street TO Newgate

VIA THE PRIMROSE WAY

BY AUSTIN OWEN

I can never go to the bank again. Come, shake hands on that," said Noyes. And in their excitement and with delight they shook hands again and again. But they would have moderated their joy had they known that at the very moment the bank porter came and, frightened, was rushing past the room where they sat carrying the news to the bank that the \$2,000 bill was a forgery. Instantly all was confusion and excitement in the bank. Telegrams were at once sent to the detective police, and at that moment swarms of them were pouring out of the Bow street and Scotland Yard offices.

Already there were rumors of gigantic funds multiplied a thousandfold by chance, and rumors had it every bank in London was victimized. In ten minutes the story reached the Stock Exchange, and a scene of terrific excitement ensued, and through it all our three innocents sat on in that dingy old coffee house serenely unconscious of the fearful storm that was rising. Still they were safe. Everything was confusion in the bank. The terrified official, frantic with fear, could only describe a tall young man, an American, who said his name was Warren.

Then Mac casually remarking that they had still a balance of \$75,000 to Warren's credit Noyes spoke up and said: "Boys, that is too much money to leave John Bull. Suppose you make out a check for \$5,000. I will run over and get the cash, and it will do for pocket money." And the two others, triumphant.

They rushed at him like a pack of wolves. Had that been a bank parlor in Arizona they would not have endured the delay incident to procuring a note, but would have rushed at him and his gunnery at short range. Noyes could not be shaken. His nerve never failed. He said a gentleman had hired him as a clerk, and that was all he knew. He left him at the Stock Exchange. If he would let him go, he would try to find him and bring him around to the bank. J. Ball is glib, but not so much so as to swallow that.

So they held tightly to him, and a committee of indignant Britons escorted him to Newgate.

Mac and George were without and were stricken with consternation, for a minute's observation of the gathering crowd and the rushing into the bank of "exil" people convinced them something unusual was in the wind, and they knew Noyes was in a locality by an angry crowd of officials. With great presence of mind he pushed through toward Noyes, who saw him and knew he was there to help if he had a chance to bolt from his captors, but there was no chance. As they were about starting for Newgate Mac slipped outside and told George what had happened. Noyes and discussed the possibility of a rescue when on the way to Newgate with him. While they were waiting in the entrance Noyes came out.

The Year Round

Some medicines belong to one season and some to another.

DR. KING'S ROYAL GERMETUER IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER It overcomes the relaxation and debility caused by hot weather and corrects the bowels that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL When malaria "rides on every passing breeze" it is the great preventive and the unfailing cure of troubles resulting from that cause.

IN THE WINTER It is still needed for curing Colds, Grip, Catarrh, Rheumatism, and the ills that belong to cold seasons.

It does these things, not in a feeble and uncertain way, but with assured and triumphant power.

in custody. He saw and recognized them. They joined in the crowd and were within arm's reach of him every rod of the short distance to Newgate, but the crowd was packed so tight that one could hardly move, and a rush for escape was hopeless. Arrived at Newgate, Mac, in his desperation, was entering with the escort when George pulled him away, and as they got out of the crowd they heard the newsboys crying, "Great forgery on the Bank of England by an American—£10,000,000 obtained!"

All this time the \$100,000 drawn that morning was in a strong bag behind the counter at Garraway's.

Little did the barmaids dream of the treasure that was in the bag. When Mac went for it, one of the barmaids asked him if he had heard of the great bank robbery. He drove to St. James' place, and soon George joined him there.

That night the cable flashed the news of the forgery over the world, dwelling particularly upon the fact that the perpetrator was an American. The next morning the London press overflowed. Every prominent paper gave a leader in the editorial column, and when the weeklies and monthlies came out they followed suit. These editorials make now to us who were on the inside amusing reading. They were full of Phillipsian talk and amazement, and generally conceded that Noyes was an innocent dupe, and all more or less doubted if his principal, the manager, and mysterious Mr. F. A. Warren would ever come back to say so.

Day after day went by, and Mac and George hung around London reading the accounts of the affair and of the examination of Noyes before the lord mayor.

They had communicated with him through his solicitor, and he sent them word to leave England at once. In the meantime they had been sending away the cash, and so intrenched were they in the belief that by no possible chance could their names become mixed up in the affair that in every instance but two they sent the money or bonds to America in their right minds.

DR. F. B. CRUTCHER

THE WELL-KNOWN SPECIALIST IS NOW LOCATED IN

GADSDEN, ALABAMA

WITH OFFICE OVER THE CITY DRUG STORE.

He treats all kinds of Chronic, Nervous, Blood, Skin, and Private Diseases of both sexes.

Chronic Diseases of long standing permanently cured. Dr. Crutcher comes to Gadsden with the highest endorsement of the people of Nashville, Tennessee, where he graduated with the highest honors from the old Vanderbilt and Nashville Medical Colleges.

He is a practicing physician of many years experience, and in his special treatment of old chronic troubles has had wonderful success, permanently curing cases after others had pronounced the patient incurable.

Among the voluntary compliments to Dr. Crutcher's skill as a specialist the following from some of the leading citizens of this community will convey some idea of the impression his ability has made upon the public in the short time he has been located in Gadsden:

Gadsden for a number of years, have always paid my honest debts, tried to tell the naked truth, and I can say Dr. F. B. Crutcher has told me nothing but the truth all the way through. I will say that Doctor Crutcher is a high priced man, but I believe there is a difference in goods, and I believe there is a difference in doctors. Respect,

T. J. CROMBIE.

I live in Calhoun county, my post office is Colvin's Gap, I am 56 years old. I was born in four miles of where I now live, have lived here all my life. I have suffered with nasal catarrh for four years in its worst form. The disease went to my lungs and the result was that an abscess formed and opened externally, and I can truthfully say that there has been more than a half bushel of corruption discharged through this opening which ran about seven months. I was treated by a number of the best physicians in Calhoun and Clay counties and grew worse all the time. I also tried the best patent medicines. I could hear of without any benefit. I had given up of ever being cured when I came to be in Gadsden and Mr. Oscar B. Ralls saw what a dreadful condition I was in and told me that Dr. F. B. Crutcher had located in Gadsden and was treating old chronic diseases with most wonderful success and advised me to have Dr. Crutcher to treat me. I applied to Dr. Crutcher for treatment and he examined and told me that my case was one of the worst he had ever seen, but thought he could build me up so my health would be much improved. I asked the doctor what he would charge to give me a course of treatment. He told me he would treat me for one hundred dollars. I thought the price high, but decided to have him put me under treatment at once, and now I can say that while I am not entirely well, that I am well satisfied with what he has done for me, and do not begrudge my money. I am not through taking my course of treatment yet, but am satisfied that I will be entirely cured by the time I have gone through the whole course of treatment. Dr. Crutcher told me that he was not an insurance doctor or a God in medicine, and it doesn't even make me sore. I feel that a man or woman who will not leave Dr. F. B. Crutcher to treat them, if they are down with old chronic troubles, that they are simply shutting the door of blessings against themselves. I want to say that I have been living near

now I can make a full hand on the farm, and feel like a new man. My nose came very near rotting off, but now my nose is entirely well, and I shall ever praise Doctor Crutcher for what he has done for me and I know others who can praise Doctor Crutcher for what he did for them in old chronic diseases.

This Sept. 27, 1895.

Respectfully,
R. G. GRIFFITH.

This is to let the public know that my little daughter was given up to die by a number of doctors in Gadsden, when I called in doctor F. B. Crutcher, who recently located in Gadsden to treat old chronic and acute diseases. When I called in Dr. Crutcher to see my little girl she was a horrible and pitiable sight to look upon. Her nose had come out and her finger nails also, and the skin had come off of her whole body so that a fly to light on her would throw her into convulsions, and when Dr. F. B. Crutcher put her under treatment she began to mend at once and now she is sound and well. If skillful treatment ever saved a human being's life it did so in my little daughter. There was about one thousand people saw my little daughter while she was so bad, but now she is in perfect health. I live in Gadsden and a thousand people who saw this child can testify to this statement. I do believe Dr. Crutcher is the only man I ever knew that doctored a person like they must get well if there is anything on earth to cure them. I want to say to the public that I believe that Doctor F. B. Crutcher is the greatest living man on this earth to cure sick people. Oh, what a blessing to this world is such a man as Doctor Crutcher. It is true that Doctor Crutcher is a man that charges high prices but my God, deliver me from cheap John doctors as long as I can get Doctor Crutcher. What a hard heart any man must have not to employ Dr. Crutcher because of his high prices. I had rather pay Doctor Crutcher to treat me than have the majority of doctors treat me for nothing. God bless Dr. Crutcher, I wish I had power to let the whole world know what a wonderful man Doctor Crutcher is.

Trip To Atlanta Free of Charge.

During the Exposition everybody will go to Atlanta, and the question of expense is a necessary subject for consideration. While there are many ways of economizing so as to leave an offset for your traveling expenses, there is no method of doing this more surely than by going to J. P. Stevens & Bro., the well-known jewelers, 47 Whitehall St., where watches, diamonds, silver, etc., will be offered at such a low price that you will save your traveling expenses simply by the difference in their prices and what is demanded for the same things at other places. Another point—what you get from J. P. Stevens & Bro., you can rest assured is pure. They have a great reputation for fair dealing and pure goods.

The lecture of Prof. Thach is a most delightful one. Let everybody who is interested in the school turn out to hear him. "London" is the subject. Surely it is big enough.

A PROMINENT MINISTER.

Rev. T. H. Kendall, pastor Grace M. E. Church, Atlanta, Ga., says: "I take pleasure in testifying to the great virtue of King's Royal Germine in relieving night sweats resulting from the debilitating influence of malaria. In a severe case through which my family passed from this oppressive affliction, I found Germine to be an immediate and powerful remedy. It is a specific tonic to the digestion, and a most grateful and refreshing remedy in the case of a patient suffering from malaria and general debility. New package, large bottle, 100 doses \$1. For sale by W. B. Arbery."

I. A. Lester and family left for Sulligent, Lamar county, last Tuesday, where they will make their future home. They carry with them the best wishes of many friends.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuritis for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there sent her a bottle of Chamberlain's Pain Balm and asked that she give it a thorough trial. Mr. Wells the next day was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Druggist.
